

# MANDELIC & GREEN TEA CLEANSER

This amino-based cleanser softens and gently exfoliates the epidermis as it lifts debris without stripping the skin of its essential nutrients. Both resurfacing and antibacterial properties found in this cleanser allow for the perfect, comfortably clean canvas that is never dry or tight. The Mandelic & Green Tea cleanser is a fantastic choice for ALL skin types including dry/dehydrated, aging, blemished and even rosacea. It is also the ideal cleanser for in-office treatments (pre peel)

- gentle daily cleanser for all skin types
- light, smoothing effect to the skin
- helps combat inflammation
- hydrates
- anti-bacterial properties
- decongests pores
- protects from oxidative stress

## **BEST FOR: All skin types and conditions**

- Sensitive
- Rosacea
- Dry/Dehydrated
- Oily/acne

**WHEN TO USE:** A.M. & P.M.

**HOW TO USE:** Apply 1-2 pumps to fingertips and gently massage in circular motions to face, neck and decollete. Thoroughly rinse with water.

## **SPECIAL NOTES:**

- Ideal cleanser for in-office treatments
- Can be used as a glide for shaving for both men and women

**CONTRAINDICATIONS:** None

**STORAGE NOTES:** Keep out of direct sunlight and extreme temperatures

**SUGGESTED RETAIL PRICE:** \$46 and can last up to 3 months

**SHELF LIFE:** 24 months from purchase date

## **WHEN TO USE IN REGIMEN:**

- 1.Cleanse <
- 2.Tone and/or resurface pads
- 3.Serums
- 4.Eye Treatments
- 5.Moisturizers
- 6.Protect

Water, Cocamidopropyl Betaine, Mandelic Acid, Sodium Lauroyl Methyl Isethionate, Acrylates Copolymer, Sodium Hydroxide, Sodium Methyl Oleoyl Taurate, Allantoin, Glycolic Acid, Camellia Sinensis (Green Tea) Leaf Extract, Glycerin, Polysorbate 20, Sodium Chloride, Disodium Cocoamphodiacetate, Lauryl Glucoside, Tetrasodium EDTA, Phenoxyethanol, Coco-Glucoside, Ethylhexylglycerin, Sodium Lauryl Sulfate, Sodium Benzoate, Mehtylchloroisothiazolinone, Methylisothiazolinone

# MANDELIC & GREEN TEA CLEANSER

## Water

**Cocamidopropyl Betaine-** a combination of fatty acids from coconuts and propylene glycol used as a surfactant that conditions the skin and increases foaming action

**Mandelic Acid-** powerful antibacterial properties, gentle exfoliator, aids in cellular turnover, helps defeat acne, brightens dull skin, retexturize skin, hyperpigmentation, smoothes fine lines and wrinkles

**Sodium Lauroyl Methyl Isethionate-** a cleansing agent (AKA surfactant) derived from coconuts that is a safe, mild alternative to other aggressive surfactants that can strip the hair and skin

**Acrylates Copolymer-** a smoothening and softening agent

**Sodium Hydroxide-** balances and maintains product and skin's pH levels

**Sodium Methyl Oleoyl Taurate-** a gentle cleansing agent

**Allantoin-** enhances skin smoothness, moisturizes skin, stimulates wound healing and soothes irritated skin

**Glycolic Acid-** supports collagen production, protects the skin against sun damage, prevents pores from getting blocked and aids in cellular turnover

**Camellia Sinensis (Green Tea) Leaf Extract-** antioxidant, anti-inflammatory and antimicrobial properties

**Glycerin-** acting as a humectant it helps increase skin hydration, relieve dryness and refresh the skin's surface. It is also an emollient which helps to soften skin

**Polysorbate 20-** acts as an emulsifier and helps to bind oil and water together

**Sodium Chloride-** small crystals help exfoliate skin, remove makeup, excess oil, dirt and other impurities that collect on the skin surface

**Disodium Cocoamphodiacetate-** a mild surfactant with low irritation

**Lauryl Glucoside-** a surfactant that lifts dirt, oil and debris from the skin

**Tetrasodium EDTA-** helps to maintain skin clarity and prevent rancidity. Helps products work better in hard water

# MANDELIC & GREEN TEA CLEANSER

**Phenoxyethanol-** a safe preservative that helps to protect from fungi, bacteria and yeast that can grow in products

**Coco-Glucoside-** gentle cleansing agent that lifts dirt and debris

**Ethylhexylglycerin-** a skin softening agent that is used as a preservative boosting efficacy of other preservatives such as phenoxyethanol. It also has humectant properties which help with hydration

**Sodium Lauryl Sulfate-** a foaming agent. Less than 1% used.

**Sodium Benzoate-** a safe preservative that helps to protect from fungi, bacteria and yeast that can grow in products

**Methylchloroisothiazolinone-** antibacterial and antifungal properties

**Methylisothiazolinone-** antibacterial and antifungal properties

# BLEMISH CONTROL WASH

Packed with only the finest cutting-edge ingredients, this daily cleanser will help get rid of the pesky c-acnes (formerly known as p-acnes) bacteria and maintain a blemish free skin zone. The combination of our super-charged, proprietary, acne fighting ingredients is the perfect solution as it provides anti-inflammatories, anti-irritants, anti-bacterial, anti-microbial properties along with soothing, calming and hydrating benefits. This evolutionary anti-bacterial blend with purifying agents will help minimize excessive oil production, decongest pores, clarify skin, reduce inflammation, and remove acne-causing bacteria for a newly resurfaced canvas. For acne prone skin that prefer a gel based cleanser.

- balances imperfections
- minimizes acne causing bacteria
- controls oil production
- aids in cellular turnover
- softens skin and gently exfoliates

**BEST FOR:** Oily and/or acne prone skin types

- Those who prefer a gel base cleanser

**WHEN TO USE:** A.M. & P.M.

**HOW TO USE:** Apply 1-2 pumps to fingertips and gently massage in circular motions to face, neck and decollete. Thoroughly rinse with water.

**SPECIAL NOTES:**

- May alternate with Mandelic & Green Tea Cleanser if skin becomes too dry

**CONTRAINDICATIONS:** None

**STORAGE NOTES:** Keep out of direct sunlight and extreme temperatures

**SUGGESTED RETAIL PRICE:** \$40 and can last up to 3 months

**SHELF LIFE:** 24 months from purchase date

**WHEN TO USE IN REGIMEN:**

1. Cleanse <
2. Tone and/or resurface pads
3. Serums

**Sodium Hydroxide-** balances and maintains product and skin's pH levels

**Acrylates Copolymer-** a smoothening and softening agent

**Sodium Methyl Oleoyl Taurate-** a gentle cleansing agent

**Opuntia Ficus-Indica Stem Extract-** derived from the prickly pear this ingredient creates an intensely moisturizing and protective layer on the skin and has a soothing effect

**Salix Nigra (Willow) Bark Extract-** a plant extract with proven skin-soothing and antioxidant benefits. It provides salicylic acid-like benefits including astringent, antibacterial, and anti-inflammatories without drawbacks usually associated with salicylic acid such as irritation

**Glycolic Acid-** supports collagen production, protects the skin against sun damage, prevents pores from getting blocked and aids in cellular turnover

**Allantoin-** enhances skin smoothness, moisturizes skin, stimulates wound healing and soothes irritated skin

**Hydrolyzed Algin-** known for its hydrating, soothing and anti-aging properties this ingredient has humectant properties that help to retain moisture, improve skin elasticity and firmness by increasing the production of hyaluronic acid and collagen in the skin

**Zinc Sulfate-** astringent and antimicrobial properties

**Camellia Sinensis (Green Tea) Leaf Extract-** antioxidant, anti-inflammatory and antimicrobial properties

**Sodium Chloride-** small crystals help exfoliate skin, remove makeup, excess oil, dirt and other impurities that collect on the skin surface

**Sodium Lauryl Sulfate-** a foaming agent. Less than 1% used

**Methylchloroisothiazolinone-** antibacterial and antifungal properties

**Methylisothiazolinone-** antibacterial and antifungal properties

# FOAMING CREAM CLEANSER

This luxurious foaming cleanser has a highly concentrated formula abundant in antioxidants, vitamins and nutrients. The skin immediately responds as this airy-foaming cleanser melts into rich and creamy lather instantly bouncing the skin back to a plump and hydrated state. For normal to dry, or aging skin types.

- helps nourish dry & sensitive skin
- contains vitamins A, C & E
- hydrating, soothing and calming
- promotes skin cell rejuvenation
- excellent in removing makeup

**BEST FOR:** Dry, dehydrated and/or mature clients

- Those who prefer a foaming cleanser

**WHEN TO USE:** A.M. & P.M.

**HOW TO USE:** Apply 1-2 pumps to fingertips and gently massage in circular motions to face, neck and décolleté. Thoroughly rinse with water.

**SPECIAL NOTES:**

- Excellent as the first cleanse to remove makeup

**CONTRAINDICATIONS:** None

**STORAGE NOTES:** Keep out of direct sunlight and extreme temperatures

**SUGGESTED RETAIL PRICE:** \$37 and can last up to 3 months

**SHELF LIFE:** 24 months from purchase date

**WHEN TO USE IN REGIMEN:**

1. Cleanse <
2. Tone and/or resurface pads
3. Serums
4. Eye Treatments
5. Moisturizers
6. Protect

Aqua (water), Sodium Cocoamphoacetate, Methyl Gluceth-20, Lauramidopropyl Betaine, Sodium Lauroyl Sarcosinate, TEA Cocoyl Glutamate, Lactamide MEA, Coco-Glucoside, Glyceryl Oleate, Vitis Vinifera (Grape seed Extract), Vanilla Planifolia Fruit Extract, Ascorbyl Palmitate (Vitamin C), Tocopheryl Acetate (Vitamin E), Retinyl Palmitate (Vitamin A), Polyquaternium-7, Benzoate Phospholipids, Isostearamidopropyl Morpholine Lactate, Lactic Acid, Disodium EDTA, Isoceteth 20, Diazolidinyl Urea, Iodopropynyl Butylcarbamate

# FOAMING CREAM CLEANSER

## **Water**

**Sodium Cocoamphoacetate-** surfactant that allows water and oil to mix making them clean while creating a luxurious foam

**Methyl Gluceth-20-** functions as a humectant and conditioning ingredient

**Lauramidopropyl Betaine-** a surfactant used to clean the skin

**Sodium Lauroyl Sarcosinate-** used to lift oil, dirt and debris from the skin leaving it fresh and clean

**TEA Cocoyl Glutamate-** an amino based surfactant used to cleanse the skin

**Lactamide MEA-** lactic acid derived humectant that adds shine and moisture

**Coco-Glucoside-** gentle cleansing agent that lifts dirt and debris

**Glyceryl Oleate-** made from natural fats (such as olive, peanut or pecan oil) it helps to form emulsions and acts as a skin conditioning agent

**Vitis Vinifera (Grape seed Extract)-** containing very potent antioxidants and soothing properties

**Vanilla Planifolia Fruit Extract-** containing very potent antioxidants and soothing properties

**Ascorbyl Palmitate (Vitamin C)-** ability to penetrate tissue and produce collagen and elastin making it an excellent anti-aging ingredient as well as a powerful antioxidant

**Tocopheryl Acetate (Vitamin E)-** a super antioxidant that promotes regeneration of healthy cells and helps to protect the skin from damage caused by ultraviolet rays

**Retinyl Palmitate (Vitamin A)-** an active ingredient for cosmetic skin-care products, releasing Vitamin A on contact with enzymes in the skin. Vitamin A stimulates cell growth, increasing enzyme activity and normalizing cell division. It is therefore able to counteract the skin-aging process and improve the appearance of UV-damaged skin

# FOAMING CREAM CLEANSER

**Polyquaternium-7-** improves slip and moisturization in skin care products

**Benzoate Phospholipids-** helps hydrating ingredients penetrate the skin. Helps skin retain moisture keeping it full, plump and hydrated

**Isostearamidopropyl Morpholine Lactate-** locks in moisture and provides long lasting conditioning benefits

**Lactic Acid-** brightens dullness, smooths skin, adds moisture and makes skin firmer

**Disodium EDTA-** helps to prevent products from deteriorating

**Isoceteth 20-** a mild surfactant used to gently cleanse skin

**Diazolidinyl Urea-** common preservative keeping bacteria out of product

**Iodopropynyl Butylcarbamate-** preservative used in cosmetics to keep bacteria out

# BETA HYDROXY FOAMING CLEANSER

The Beta Hydroxy Foaming Cleanser is a powerful, fast acting blend of ingredients that help fight the C-acnes bacteria (cutibacterium), control sebum production, balance pH levels while hydrating and moisturizing the skin. Antioxidants such as vitamins A, C and E promote skin cell rejuvenation while salicylic acid helps to prevent future breakouts. All of the multi-beneficial ingredients leave the skin feeling supple and smooth. For acne prone skin that prefers a foaming cleanser.

- antimicrobial foaming cleanser
- helps clear, clarify and prevent future breakouts
- aids in daily exfoliation
- soothing upon application
- improves overall skin appearance

**BEST FOR:** Oily and/or acne prone skin types

- Those who prefer a foaming cleanser
- Those who prefer salicylic ingredients

**WHEN TO USE:** A.M. & P.M.

**HOW TO USE:** Apply 1-2 pumps to fingertips and gently massage in circular motions to face, neck and decollete. Thoroughly rinse with water.

**SPECIAL NOTES:** None

**CONTRAINDICATIONS:** None

**STORAGE NOTES:** Keep out of direct sunlight and extreme temperatures

**SHELF LIFE:** 24 months from purchase date

**WHEN TO USE IN REGIMEN:**

1. Cleanse <
2. Tone and/or resurface pads
3. Serums
4. Eye Treatments
5. Moisturizers
6. Protect

Water, Sodium Cocoamphoacetate, Lauramidopropyl, Betaine, TEA-Cocoyl, Glutamate, Coco-Glucoside, Glyceryl Oleate, Methyl Gluceth-20, Sodium Lauroyl Sarcosinate, Salicylic Acid, Polyquaternium-7, Lactamide MEA, Methyl Gluceth-20 Benzoate, Salix Alba (Willow Bark) Extract, Chamomilla Reculita (Matricaria) Flower Extract, Ascorbyl Palmitate (Vitamin C), Tocopheryl Acetate (Vitamin E), Retinyl Palmitate (Vitamin A), Phospholipids, Isostearamidopropyl Morpholine Lactate, Propylene Glycol, Isoceteth-20, Disodium EDTA, Lactic Acid, Diazolidinyl Urea, Iodopropynyl Butylcarbamate

# BETA HYDROXY FOAMING CLEANSER

## **Water**

**Sodium Cocoamphoacetate-** surfactant that allows water and oil to mix making them clean while creating a luxurious foam

**Lauramidopropyl-** a mild and gentle foaming ingredient that removes dirt and oil

**Betaine-** useful in anti-aging products to help prevent wrinkles

**TEA-Cocoyl-** skin conditioning and cleansing agent

**Glutamate-** an amino acid skin conditioner

**Coco-Glucoside-** gentle cleansing aging that lifts dirt and debris

**Glyceryl Oleate-** made from natural fats (such as olive, peanut or pecan oil) it helps to form emulsions and acts as a skin conditioning agent

**Methyl Gluceth-20-** functions as a humectant and conditioning ingredient

**Sodium Lauroyl Sarcosinate-** a cleansing agent that works as an emulsifier

**Salicylic Acid-** mild exfoliant that helps reduce acne breakouts with antibacterial properties while retexturizing skins surface

**Polyquaternium-7-** improves slip and moisturization in skin care products

**Lactamide MEA-** lactic acid derived humectant that adds shine and moisture

**Benzoate-** a preservative used in cosmetics to inhibit bacterial and fungal growth

**Salix Alba (Willow Bark) Extract-** exfoliates skin, reduces oil, clear pores and helps to keep skin hydrated

**Chamomilla Recutita (Matricaria) Flower Extract-** offers skin soothing effects and makes skin feel regenerated

**Ascorbyl Palmitate (Vitamin C)-** ability to penetrate skin tissue and produce collagen helping reduce fine lines and wrinkles while offering antioxidant benefits

# BETA HYDROXY FOAMING CLEANSER

**Tocopheryl Acetate (Vitamin E)**- a super antioxidant that promotes regeneration of healthy cells and helps to protect the skin from damage caused by ultraviolet rays

**Retinyl Palmitate (Vitamin A)**- an active ingredient for cosmetic skin-care products, releasing Vitamin A on contact with enzymes in the skin. Vitamin A stimulates cell growth, increasing enzyme activity and normalizing cell division. It is therefore able to counteract the skin-aging process and improve the appearance of UV-damaged skin

**Phospholipids**- ability to retain moisture keeping the skin plump, full and hydrated

**Isostearamidopropyl Morpholine Lactate**- locks in moisture and provides long lasting conditioning benefits

**Propylene Glycol**- good for skin hydration helping dull and tired skin

**Isoceteth-20**- a mild surfactant used to gently cleanse skin

**Disodium EDTA**- helps to prevent products from deteriorating

**Lactic Acid**- brightens dullness, smooths skin, adds moisture and makes skin firmer

**Diazolidinyl Urea**- common preservative keeping bacteria out of product

**Iodopropynyl Butylcarbamate**- preservative keeping bacteria out of product

# MANDELIC TONER

A calming, alcohol-free and fragrance-free solution that incorporates Mandelic acid, Allantoin, Chamomile and Aloe Vera to reduce surface inflammation. Potent levels of Pro Vitamin B5, Glycerin and Sodium PCA replenish the skin's moisture barrier while protecting against daily environmental factors that cause dryness and dehydration. Natural botanical extracts help balance the skin's pH (at a low 1.5 pH)

- pH balancing
- helps prevent dry & flaky skin
- calms & nourishes
- hydrating
- aids in treatment serum penetration

**BEST FOR:** All skin types

- Sensitive
- Rosacea
- Dry/Dehydrated
- Oily/acne

**WHEN TO USE:** A.M. & P.M. and after in-office treatments

**HOW TO USE:** Apply 3-4 squirts directly onto face, neck and decollete or into hands and tap in

**SPECIAL NOTES:**

- Critical step in the at home regimen to reset skin's pH after cleansing. If skipped, treatment serums will be less effective

**CONTRAINDICATIONS:** None

**STORAGE NOTES:** Keep out of direct sunlight and extreme temperatures

**SUGGESTED RETAIL PRICE:** \$39 and can last up to 3 months

**SHELF LIFE:** 18 months from purchase date

**WHEN TO USE IN REGIMEN:**

1. Cleanse
2. Tone and/or resurface pads <
3. Serums
4. Eye Treatments
5. Moisturizers
6. Protect

Water, Mandelic Acid, Butylene Glycol, Sodium Ascorbyl Phosphate, Glycerin, Aloe Barbadensis Leaf Extract, Allantoin, Dipotassium Glycyrrhizate, Tocopheryl Acetate, Panthenol, Sodium PCA, Polysorbate 20, Tetrasodium Glutamate Diacetate, Phenoxyethanol, Ethylhexylglycerin

# MANDELIC TONER

## Water

**Mandelic Acid-** powerful antibacterial properties, gentle exfoliator, aids in cellular turnover, helps defeat acne, brightens dull skin, retexturize skin, hyperpigmentation, smoothes fine lines and wrinkles

**Butylene Glycol-** acts as a solvent for ingredients and enhances their stability, texture and absorption

**Sodium Ascorbyl Phosphate-** a water soluble and gentle form of Vitamin C that works as an antioxidant to protect the skin's moisture barrier

**Glycerin-** acting as a humectant it helps increase skin hydration, relieve dryness and refresh the skin's surface. It is also an emollient which helps to soften skin

**Aloe Barbadensis Leaf Extract-** antimicrobial, antiseptic and anti-inflammatory properties help to soothe skin, reduce inflammation and treat problematic areas killing bacteria. It is also an antioxidant and humectant (hydrating agent)

**Allantoin-** enhances skin smoothness, moisturizes skin, stimulates wound healing and soothes irritated skin

**Dipotassium Glycyrrhizate-** an organic molecule derived from licorice with anti-inflammatory and soothing properties. It also helps to lift dark spots

**Tocopheryl Acetate-** a super antioxidant that promotes regeneration of healthy cells and helps to protect the skin from damage caused by ultraviolet rays

**Panthenol-** moisturize skin, reduce inflammation, and help wounds heal faster

**Sodium PCA-** occurs naturally in human skin and is responsible for binding moisture to the cells. Highly water- absorbent, holding several times its weight in water, which makes it an excellent humectant. A strong hydrating agent.

**Polysorbate 20-** acts as an emulsifier and helps to bind oil and water together

**Tetrasodium Glutamate Diacetate-** works as a natural stabilizer to prevent discoloration

**Phenoxyethanol-** a safe preservative that helps to protect from fungi, bacteria and yeast that can grow in products

**Ethylhexylglycerin-** a skin softening agent that is used as a preservative boosting efficacy of other preservatives such as phenoxyethanol. It also has humectant properties which help with hydration

# BLEMISH TONER

This toner, containing state-of-the-art anti-inflammatories as well as mandelic acid, help to smooth and soothe the skin instantly reducing redness and irritation. Highly advanced antibacterial ingredients containing plankton and lecithin, help to combat the C-acnes bacteria, provide hydrational benefits, tighten the appearance of pore size and leave skin feeling balanced and renewed.

- pH balancing
- anti-irritant
- antiinflammatory
- decongests
- hydrating
- antibacterial
- protects moisture barrier

**BEST FOR:** Oily and/or acne prone skin types

**WHEN TO USE:** A.M. & P.M.

**HOW TO USE:** Apply 3-4 squirts directly onto face, neck and decollete or into hands and tap in

**SPECIAL NOTES:**

# BLEMISH CONTROL PADS

Developed specifically for acne and acne prone skin types, these daily resurfacing pads are formulated with a hybrid blend of 15% Mandelic acid, 7% Glycolic & Lactic acid blend and 2% Salicylic acid. They gently remove dead skin cells that surround and block glands/follicles while providing anti-inflammatory, hydrating, antibacterial and antimicrobial benefits. This unique fusion clarifies the skin without loss of surface moisture. Take them on the go with you and use as a quick refresher after the gym, outdoor activity, work and more. Use as a spot treatment when needed.

- manual resurfacing pads
- draws out oil and debris
- helps control bacterial issues
- exfoliates skin surface
- aids in preventing future breakouts
- best for oily acne or sensitive skin types

**BEST FOR:** All skin types especially for acne/ oily

**WHEN TO USE:** A.M. / P.M. 3-4 times per week for thicker/oily skin and 1-2 times per week for dry skin or as often as needed

**HOW TO USE:** Swipe one pad in a light circular motion over areas being treated

**SPECIAL NOTES:**

- If your skin begins to dry out, discontinue use and hydrate skin for 1 week. Resume use less often
- Can be used in the treatment room as for the exfoliation process

**CONTRAINDICATIONS:**

- Do not use on highly sensitized skin condition including sunburn

**STORAGE NOTES:** Store in a room temperature, dark cabinet away from direct sunlight.

**SUGGESTED RETAIL PRICE:** \$74

**SHELF LIFE:** 12 months from purchase date

**WHEN TO USE IN REGIMEN:**

- 1.Cleanse
- 2.Tone and/or resurface pads <
- 3.Serums
- 4.Eye Treatments

# BLEMISH CONTROL PADS

Water, Mandelic Acid (15%), Dimethyl MEA, Lactic Acid (4%), Glycolic Acid (3%), Salicylic Acid (2%), Caprylyl Glycol, Phenoxyethanol, Allantoin, Fragrance (Chamomile)

## **Water**

**Mandelic Acid (15%)**- powerful antibacterial properties, gentle exfoliator, aids in cellular turnover, helps defeat acne, brightens dull skin, retexturize skin, hyperpigmentation, smoothes fine lines and wrinkles

**Dimethyl MEA**- a derivative of the B vitamin choline, it has powerful anti inflammatory, antioxidant benefits and can increase overall skin firmness

**Lactic Acid (4%)**- AHA that brightens dullness, smooths skin, adds moisture and makes skin firmer

**Glycolic Acid (3%)**- supports collagen production, protects the skin against sun damage, prevents pores from getting blocked and aids in cellular turnover

**Salicylic Acid (2%)**- mild exfoliant that helps reduce acne breakouts with antibacterial properties while retexturizing skins surface

**Caprylyl Glycol**- helps to hydrate skin by attracting and locking in moisture

**Phenoxyethanol**- a safe preservative that helps to protect from fungi, bacteria and yeast that can grow in products

**Allantoin**- enhances skin smoothness, moisturizes skin, stimulates wound healing and soothes irritated skin

**Fragrance (Chamomile)**

# EXFOLIATING PADS

Used as weekly resurfacing pads, this anti-aging product contains 10% Glycolic and 2% Salicylic acid that aids in the restoration and rejuvenation of the skin's overall appearance. These pads help diminish the appearance of wrinkles and improve complexion problems, balance oil level, tone skin and increase skin's clarity all while removing undesirable levels of accumulated dead skin cell build up revealing a youthful glow. These pads are excellent in achieving a "mini treatment" for clients in between in-office visits. They can also be used on other areas of the body that need attention including hands, arm, back etc. Use 2-3 times per week or as needed.

- manual resurfacing pads
- exfoliating complex
- lightens and brightens dull and tired skin
- minimizes the appearance of fine lines
- for normal to aging skin types
- good for all skin tones

**BEST FOR:** All skin types especially for anti-aging

**WHEN TO USE:** A.M. / P.M. 3-4 times per week for thicker/oily skin and 1-2 times per week for dry skin or as often as needed

**HOW TO USE:** Swipe one pad in a light circular motion over areas being treated

**SPECIAL NOTES:**

- If your skin begins to dry out, discontinue use and hydrate skin for 1 week. Resume use less often
- Can be used in the treatment room as for the exfoliation process

**CONTRAINDICATIONS:**

# REVITALIZING SUPER SERUM

This Super Serum is powered by the newest, most advanced and effective anti-aging base developed for the skin to date. Our advanced formulation provides 100 million exosomes (nano-sized encapsulated messaging molecules, organic in the human body, that facilitate cell-to-cell communication to achieve overall cellular health). The exosome's ability to communicate cellular change to the highest level is second to none and if that isn't enough, an added controlled media produces naturally occurring growth factors that also aid in the restoration and rejuvenation of the skin as a whole. Clinical strength levels of both Retinol as well as stabilized forms of vitamin C work to stimulate collagen and elastin yielding a youthful and radiant complexion. A multi-peptide complex, brightening agents and AHAs aid in smoothing fine lines and wrinkles, retexturize skin surface, break up embedded pigment, reduce inflammation, provide antioxidant benefits and much more. P.M. use. Layer serums thinnest to thickest.

- **skin-conditioning serum**
- fibroblast 'max cell stimulation'
- exosomes (aids in the repair of damaged cells)
- contemporary use of growth factors
- vitamin A
- advanced vitamin C
- wrinkle reduction
- hydration
- anti-aging ingredients
- anti-inflammatory
- brightening & lightening

**BEST FOR:** All skin types especially for anti-aging

- Dry, aging, dull and tired skin
- Skin exposed to extreme oxidative stress

**WHEN TO USE:** P.M.

**HOW TO USE:** Apply 2-3 pumps to fingertips and gently pat into face, neck and decollete

**SPECIAL NOTES:**

- You can use a retinol product (such as Vitamin A: Intense) along with the Revitalizing Super Serum and see amazing results however, if you must substitute one product for the super serum it would be your retinol product. Example: go through a bottle of Vitamin A: Intense and then go through a bottle of Revitalizing Super Serum and the go back to Vitamin A: Intense and/or Retinol Mixer and keep alternating
- Not a replacement for Vitamin C: Intense or Vitamin A: Intense/Retinol Mixer
- Revitalizing Super Serum is a fantastic product to use post micro needling (6 hours post in-office treatment) and/or micro channeling during the healing phase

**CONTRAINDICATIONS:**

- Pregnancy- advise clients to discontinue use.
- Rosacea- do not use on active rosacea instead, try using M: Corrective during skin- conditioning process while building the integrity of the moisture barrier
- Do not use during any intense treatments such as chemotherapy

**STORAGE NOTES:** Store in a room temperature, dark cabinet away from direct sunlight. Heat and steam from showers can affect product efficacy

# REVITALIZING SUPER SERUM

**SUGGESTED RETAIL PRICE:** \$130 and can last up to 3 months

**SHELF LIFE:** 12 months from purchase date

**WHEN TO USE IN REGIMEN:**

1. Cleanse
2. Tone and/or resurface pads
3. Serums <
4. Eye Treatments
5. Moisturizers
6. Protect

**\*These ingredients have been verified and CP (clinically proven)**

Water/Aqua, Ammonium Polyacryloyldimethyl Taurate, Lyophilized Exosomes, Retinol, Panthenol, Magnesium Ascorbyl Phosphate, Ascorbyl Glucoside, Aloe Barbadensis (Aloe Vera) Leaf Extract\*, Sodium PCA, Ruttnera Lamellosa Oil, Watanabea Reniformis Oil, Lecithin, Glycerin, Hexapeptide-48 HCl, Palmitoyl Tripeptide-5, Pseudoalteromonas Ferment Extract, Xanthan Gum, Alanine, Proline, Serine, Sodium Phosphate, Sodium Hydroxide, Tocopherol, Caprylyl Glycol, Salix Nigra (Willow) Bark Extract, Mandelic Acid, Dipotassium Glycyrrhizate, Opuntia Ficus\_Indica Stem Extract, Tocopheryl Acetate, Retinyl Palmitate, Soybean Oil, Panthenyl Triacetate, Naringenin, Tetrahexyldecyl Ascorbate, Polysorbate 20, Camellia Sinensis Leaf Extract, Yellow 5, Red 40, Phenoxyethanol, Ethylhexylglycerin

## **Water/Aqua**

**Ammonium Polyacryloyldimethyl Taurate-** a synthetic polymer powder made from ammonium salts and is used to stabilize and control viscosity of products. Leaves the skin with a nice soft and refreshed feeling

**Lyophilized Exosomes-** Exosomes are extracellular vesicles generated by all cells and they carry nucleic acids, proteins, lipids, and metabolites. They are mediators of near and long-distance intercellular communication in health and disease and affect various aspects of cell biology

**Retinol-** an active ingredient for cosmetic skin-care products, releasing Vitamin A on contact with enzymes in the skin. Retinol only needs to undergo one conversion to retinoic acid. Vitamin A stimulates cell growth, increasing enzyme activity and normalizing cell division. It is therefore able to counteract the skin-aging process and improve the appearance of UV-damaged skin

**Panthenol-** moisturizes skin, reduces inflammation, and helps wounds heal faster

**Magnesium Ascorbyl Phosphate-** stable vitamin c that is a free radical scavenger, tyrosinase inhibitor, lightens/brightens skin tone and supports collagen synthesis

# REVITALIZING SUPER SERUM

**Ascorbyl Glucoside- AA2G™** from Hayashibara is Glucose stabilized vitamin C, whitening, anti-pollution and UV induced cell damage protection preventing from pigmentation and aging

**Aloe Barbadensis (Aloe Vera) Leaf Extract\***- a water binding agent for skin containing amino acids, enzymes, hormones, minerals, saponins, vitamins and more making it a potent moisturizer and soothing agent. Improves the appearance of aging and dry skin. Its antimicrobial, antiseptic and anti-inflammatory properties help to soothe skin, reduce inflammation and treat problematic areas killing bacteria. It is also an antioxidant and humectant (hydrating agent)

**Sodium PCA-** occurs naturally in human skin and is responsible for binding moisture to the cells. Highly water- absorbent, holding several times its weight in water, which makes it an excellent humectant. A strong hydrating agent

**Ruttnera Lamellosa Oil-** conditions skin

**Watanabe Reniformis Oil-** conditions skin

**Lecithin-** acts as an anti-aging agent and skin matrix reconstructing agent. It is obtained from biotechnological microalgae fractions designed to regenerate and rejuvenate the skin

**Glycerin-** acting as a humectant it helps increase skin hydration, relieve dryness and refresh the skin's surface. It is also an emollient which helps to soften skin

**Hexapeptide-48 HCl-** acts on DOR (delta-opioid receptors) and changes gene expression of inflamed cells back to their normal state. It fights against signs of aging, and leads to smoother skin, reduction of wrinkles, and better hydration

**Palmitoyl Tripeptide-5-** a patented peptide that helps slow down the skin aging process. It mimics the body's own mechanism, simultaneously boosting collagen production and protecting against collagen degradation

**Pseudoalteromonas Ferment Extract-** a powerful anti-aging agent that helps to restructure skin, reduce puffiness, wrinkles and fine lines. Clinically proven to stimulate collagen and elastin

**Xanthan Gum-** used as a thickening agent and texture enhancer

# REVITALIZING SUPER SERUM

**Alanine-** balances moisture levels in the skin improving overall hydration

**Proline-** stimulates the production of collagen and elastin in the skin

**Serine-** an amino acid that helps the skin retain moisture and improves skin's structural support

**Sodium Phosphate-** an antioxidant that can brighten dull skin, smooth fine lines and reduce dark spots

**Sodium Hydroxide-** balances and maintains product and skin's pH levels

**Tocopherol-** a super antioxidant that promotes regeneration of healthy cells and helps to protect the skin from damage caused by ultraviolet rays

**Caprylyl Glycol-** helps to hydrate skin by attracting and locking in moisture

**Salix Nigra (Willow) Bark Extract-** a plant extract with proven skin-soothing and antioxidant benefits. It provides salicylic acid-like benefits including astringent, antibacterial, and anti-inflammatories without drawbacks usually associated with salicylic acid such as irritation

**Mandelic Acid-** powerful antibacterial properties, gentle exfoliator, aids in cellular turnover, helps defeat acne, brightens dull skin, retexturize skin, hyperpigmentation, smoothes fine lines and wrinkles

**Dipotassium Glycyrrhizate-** an organic molecule derived from licorice with anti-inflammatory, soothing properties and the ability to help lift dark spots. This water-soluble active supports cornification of the cell envelope and protects hyaluronic acid from degradation to enhance hydration

**Opuntia Ficus\_Indica Stem Extract-** a super antioxidant and anti-inflammatory agent that helps protect the skin from free radical damage as well as reduces the appearance of fine lines and wrinkles

**Tocopheryl Acetate-** Vitamin E helps protect skin from damage due to UV rays, is an antioxidant, promotes regeneration of healthy cells and helps prevent T.E.W.L.

**Retinyl Palmitate-** an active ingredient for cosmetic skin-care products, releasing Vitamin A on contact with enzymes in the skin. Vitamin A stimulates cell growth, increasing enzyme activity and normalizing cell division. It is therefore able to counteract the skin-aging process and improve the appearance of UV-damaged skin

# REVITALIZING SUPER SERUM

**Soybean Oil-** full of Vitamin E, Omega 3 and Omega 6 fatty acids its small molecule allows it to easily penetrate the skin providing protection from free radicals, signs of aging, hydration, discoloration and anti-inflammatory benefits

**Panthenyl Triacetate-** a moisturizing ingredient, emollient, that helps to prevent T.E.W.L. (transepidermal water loss) while rapidly hydrating and stimulating skin metabolism. Supports skin functions

**Naringenin-** an antioxidant rich flavonoid commonly found in citrus fruits is an antioxidant and anti-inflammatory that helps soothe compromised skin, enhances skin's ability to retain moisture and improves skin's ability to repair itself

**Tetrahexyldecyl Ascorbate-** BV-OSC is a stable form of vitamin C that has shown to stimulate healthy collagen production and reduce wrinkle depth. Research has also shown a reduction in discoloration

**Polysorbate 20-** acts as an emulsifier and helps to bind oil and water together

**Camellia Sinensis Leaf Extract-** Green Tea Extract is an active of diverse advantages, primarily due to the content of Polyphenols and Methylxanthines. The Polyphenols are responsible for the anti-oxidant and anti-inflammatory effects. In addition, they have the ability to inhibit collagenase, the enzyme causing degradation of collagen and the vascular endothelium. Green Tea Extract also protects against UVB damage

**Yellow 5-** an FDA reviewed ingredient that was determined safe for coloring cosmetic products

**Red 40-** an FDA reviewed ingredient that was determined safe for coloring cosmetic products

**Phenoxyethanol-** a safe preservative that helps to protect from fungi, bacteria and yeast that can grow in products

**Ethylhexylglycerin-** a skin softening agent that is used as a preservative boosting efficacy of other preservatives such as phenoxyethanol. It also has humectant properties which help with hydration

# VITAMIN A: INTENSE

Used as our #1 skin-conditioning serum, Vitamin A: Intense helps to lighten, brighten, tighten, retexture and tone with regular use. Dermodality's retinol products are formulated with a doubled-base, 50c<sup>2</sup>, of retinol that acts like the most common prescription strength RetinA once our retinol converts to retinoic acid (the "magic" happens while you're sleeping). Anti-inflammatory properties will help to offset the undesirable effects that high doses of retinol can have on the skin. With a diligent regimen, Vitamin A: Intense can assist in the reduction and prevention of fine lines and wrinkles, stimulation of new collagen and elastin, break up embedded pigment, moisture retention, increased cellular turnover, and oil control. Vitamin A: Intense is a star player in a healthy skin care regimen helping to deliver dewy, beaming and taut skin. While building tolerance to Vitamin A: Intense, mix with another serum such as Hyaluronic C Ester (for moisture), M: Corrective (for acne) or any Dermodality moisturizers. P.M. use only.

- 8% retinol (pure retinol base)
- 5X over the counter strength
- **skin-conditioning serum**
- fibroblast stimulation (collagen production)
- anti-aging ingredients
- sebaceous gland regulation (oil control)
- aids in collagen & elastin stimulation
- retexturize surface skin
- enhanced cellular turnover revealing fresh and vibrant skin
- dissolves melanin deposits (dark spots)
- improves hydration around cell wall
- thickens dermis (firmer skin)

**BEST FOR:** All skin types especially for anti-aging

- Vitamin A is an essential skin vitamin and should be worn regularly by all
- Can begin use as early as teen years (preventative) \*Note: 2-3X per week MAX

**WHEN TO USE:** P.M. (At least 3 times per week or as often as skin can tolerate it)

**HOW TO USE:** Apply 2-3 pumps to fingertips and gently pat into face, neck and decollete

**SPECIAL NOTES:**

- For sensitive skin types and/or those who haven't experienced a highly concentrated retinoid, use every third night for two weeks and then every other night for two weeks until skin becomes acclimated
- Some may never use it nightly and that is OK. So long as it is being applied at least 3 times per week you will benefit from it
- Mix another treatment serum such as Hyaluronic C Ester (for dry skin), M: Corrective (for oily/acne skin) or any moisturizer to tone down intensity without losing efficacy
- Have client discontinue use 3-5 days prior to in-office treatment (peel) and then follow post care instructions

# VITAMIN A: INTENSE

## CONTRAINDICATIONS:

- Pregnancy- advise clients to discontinue use
- Rosacea- do not use on active rosacea instead, try using M: Corrective during skin-conditioning process while building the integrity of the moisture barrier
- Do not use during any intense treatments such as chemotherapy

**STORAGE NOTES:** Store in a room temperature, dark cabinet away from direct sunlight. Heat and steam from showers can affect product efficacy

**SUGGESTED RETAIL PRICE:** \$69 and can last up to 3 months

**SHELF LIFE:** 18 months from purchase date

## WHEN TO USE IN REGIMEN:

1. Cleanse
2. Tone and/or resurface pads
3. Serums <
4. Eye Treatments
5. Moisturizers
6. Protect

## \*These ingredients have been verified and CP (clinically proven)

Water, Glycerin, Sodium Acrylates Copolymer, Panthenyl Triacetate, Phenoxyethanol, Retinol (.8%), Polysorbate 20, Polyacrylate-13, Lecithin, Polyisobutene, Aloe Barbadensis Leaf Juice, Ascorbic Acid, Ethylhexylglycerin, L-Arginine, Naringenin, Sodium PCA, Lactic Acid, BHT, Sodium Phytate, Sorbitan Isostearate, Alcohol, Ferulic Acid, Salicylic Acid

## Water

**Glycerin-** acting as a humectant it helps increase skin hydration, relieve dryness and refresh the skin's surface. It is also an emollient which helps to soften skin

**Sodium Acrylates Copolymer-** texture enhancer, binder and film forming agent

**Panthenyl Triacetate-** a moisturizing ingredient, emollient, that helps to prevent T.E.W.L. (transepidermal water loss) while rapidly hydrating and stimulating skin metabolism. Supports skin functions

**Retinol (.8%)-** an active ingredient for cosmetic skin-care products, releasing Vitamin A on contact with enzymes in the skin. Retinol only needs to undergo one conversion to retinoic acid. Vitamin A stimulates cell growth, increasing enzyme activity and normalizing cell division. It is therefore able to counteract the skin-aging process and improve the appearance of UV-damaged skin

# VITAMIN A: INTENSE

**Polysorbate 20-** acts as an emulsifier and helps to bind oil and water together

**Polyacrylate-13-** used to thicken and stabilize a product; creates a film to protect skin

**Lecithin-** acts as an anti-aging agent and skin matrix reconstructing agent. It is obtained from biotechnological microalgae fractions designed to regenerate and rejuvenate the skin

**Polyisobutene-** used as a binder, film former and viscosity increasing agent

**Aloe Barbadensis Leaf Juice-** a water binding agent for skin containing amino acids, enzymes, hormones, minerals, saponins, vitamins and more making it a potent moisturizer and soothing agent. Improves the appearance of aging and dry skin. Its antimicrobial, antiseptic and anti-inflammatory properties help to soothe skin, reduce inflammation and treat problematic areas killing bacteria. It is also an antioxidant and humectant (hydrating agent)

**Ascorbic Acid-** bioavailable vitamin c that lightens skin, promotes collagen & elastin formation, helps the appearance of premature aging, strengthens blood vessels and protects DNA in cell

**L-Arginine-** a naturally occurring amino acid that helps maintain moisture as well as boosts collagen keeping skin firm and supple

**Naringenin-** a flavonoid commonly found in citrus fruits is an antioxidant and anti-inflammatory

**Sodium PCA-** occurs naturally in human skin and is responsible for binding moisture to the cells. Highly water- absorbent, holding several times its weight in water, which makes it an excellent humectant. A strong hydrating agent

**Lactic Acid-** AHA that brightens dullness, smooths skin, adds moisture and makes skin firmer

**BHT-** an antioxidant and cosmetic product stabilizer

**Sodium Phytate-** chelating agent and cosmetic product stabilizer

**Sorbitan Isostearate-** an effective moisturizing and conditioning ingredient that helps emulsify products using both oil and water smooth together

**Salicylic Acid-** mild exfoliant that helps reduce acne breakouts with antibacterial properties while retexturizing skins surface

**Phenoxyethanol-** a safe preservative that helps to protect from fungi, bacteria and yeast that can grow in products

**Ethylhexylglycerin-** a skin softening agent that is used as a preservative boosting efficacy of other preservatives such as phenoxyethanol. It also has humectant properties which help with hydration

# RETINOL MIXER

Experience lifted, firmer and more youthful appearance with this powerhouse, POTENT cream-based retinol serum that is good for all ages and stages. The Retinol Mixer starts with a doubled-base of retinol, 50c<sup>2</sup>, which means it begins at a 2.2% before cascading to its final destination of 1.1% retinol value. At medical-strength, this product can stimulate collagen and elastin with ease but with little irritation as it is packed full of anti-inflammatories that help to soothe the skin as the retinol goes to work. Tyrosinase inhibitors such as Alpha Arbutin, Licorice Root and Kojic Acid aid in lightening dark areas of the body promoting a lustrous landscape. P.M. use only. Must condition skin with a bottle of Vitamin A: Intense prior to use.

- 1.1% retinol (in a doubled-base of retinol, 50c<sup>2</sup>)
- 5X over the counter strength
- a blend of over 12% AHA's and tyrosinase inhibitors combined
- **skin-conditioning serum**
- fibroblast stimulation (collagen production)
- anti-aging ingredients
- aids in collagen & elastin formation
- sebaceous gland regulation (oil control)
- retexturize surface skin
- enhance cell turnover revealing fresh and vibrant skin
- dissolves melanin deposits (dark spots)
- improves hydration around cell wall
- thickens dermis (firmer skin)

**BEST FOR:** All skin types especially for anti-aging

- Aging skin, mature clients, or anyone that desires a supercharged dose of retinol (vitamin A)

**WHEN TO USE:** P.M. (At least 3 times per week or as often as skin can tolerate it)

**HOW TO USE:** Apply 2-3 pumps to fingertips and gently pat into face, neck and decollete

**SPECIAL NOTES:**

- Recommended to condition skin with a bottle of Vitamin A: Intense prior to use
- Some may never use it nightly and that is OK. So long as it is being applied at least 3 times per week you will benefit from it
- Mix another treatment serum such as Hyaluronic C Ester (for dry skin), M: Corrective (for oily/acne skin) or any moisturizer to tone down intensity without losing efficacy
- Have client discontinue use 3-5 days prior to in-office treatment (peel) and then follow post care instructions

# RETINOL MIXER

## CONTRAINDICATIONS:

- Pregnancy- advise clients to discontinue use
- Rosacea- do not use on active rosacea instead, try using M: Corrective during skin-conditioning process while building the integrity of the moisture barrier
- Do not use during any intense treatments such as chemotherapy
- Someone who has not conditioned with a bottle of Vitamin A: Intense first

**STORAGE NOTES:** Store in a room temperature, dark cabinet away from direct sunlight. Heat and steam from showers can affect product efficacy

**SUGGESTED RETAIL PRICE:** \$79 and can last up to 3 months

**SHELF LIFE:** 12 months from purchase date

## WHEN TO USE IN REGIMEN:

1. Cleanse
2. Tone and/or resurface pads
3. Serums <
4. Eye Treatments
5. Moisturizers
6. Protect

## \*These ingredients have been verified and CP (clinically proven)

Water, Caprylic/Capric Triglyceride, Cetyl Alcohol, Stearyl Alcohol, Glyceryl Stearate, Glycerin, Lactic Acid, Arginine, Trimethylpentanediol/Adipic Acid Copolymer, Mandelic Acid, Niacinamide, Kojic Acid, Butylene Glycol, Panthenyl Triacetate, Butyrospermum Parkii (Shea) Butter, Ammonium Acryloyldimethyltaurate/VP Copolymer, Retinol, Polysorbate 20, Alpha-Arbutin, Glycolic Acid, Sodium Hyaluronate, Plankton Extract, Stearyl Glycyrhetinate, Aloe Barbadensis Leaf Extract, Ferulic Acid, Naringenin, Pseudoalteromonas Ferment Extract, Xanthan Gum, Proline, Alanine, Serine, Sodium Phosphate, Sodium Hydroxide, Caprylyl Glycol, BHT, Phenoxyethanol, Ethylhexylglycerin

## Water

**Caprylic/Capric Triglyceride-** excellent hydrating and skin-repairing ingredient. The mix of fatty acids can aid the repair of the skin's surface and assist in moisture loss. Derived from coconuts and vegetable glycerin. Chief job is to moisturize and replenish the skin

**Cetyl Alcohol-** a gently fatty alcohol used as an emollient (moisturizing ingredient), emulsifier, thickener and carrying agent for other ingredients

# RETINOL MIXER

**Stearyl Alcohol-** improves skin texture while protecting the skin from allergens, bacteria and moisture loss

**Glyceryl Stearate-** skin conditioning agent, emollient and surfactant

**Glycerin-** acting as a humectant it helps increase skin hydration, relieve dryness and refresh the skin's surface. It is also an emollient which helps to soften skin

**Lactic Acid-** AHA that brightens dullness, smooths skin, adds moisture and makes skin firmer

**Arginine-** an antioxidant that helps to stimulate collagen, strengthens elasticity and overall vitality

**Trimethylpentanediol/Adipic Acid Copolymer**

**Mandelic Acid-** powerful antibacterial properties, gentle exfoliator, aids in cellular turnover, helps defeat acne, brightens dull skin, retexturize skin, hyperpigmentation, smooths fine lines and wrinkles

**Niacinamide-** also known as vitamin B3 and nicotinamide, niacinamide is a water-soluble vitamin that works with the natural substances in your skin to help visibly improve the appearance of enlarged pores, uneven skin tone, fine lines and wrinkles, dullness and a weakened surface

**Kojic Acid-** promotes skin lightening and helps establish an even skin tone on all skin types. Tyrosinase inhibitor

**Butylene Glycol-** acts as a solvent for ingredients and enhances their stability, texture and absorption

**Panthenyl Triacetate-** a moisturizing ingredient, emollient, that helps to prevent T.E.W.L. (transepidermal water loss) while rapidly hydrating and stimulating skin metabolism. Supports skin functions

**Butyrospermum Parkii (Shea) Butter-** an emollient that can lock in moisture to keep skin hydrated and conditioned to prevent dryness. Can also accelerate healing of superficial wounds and irritations

**Ammonium Acryloyldimethyltaurate/VP Copolymer-** functions as a film forming agent, thickener and texture enhancer

# RETINOL MIXER

**Retinol (1.1%)**- an active ingredient for cosmetic skin-care products, releasing Vitamin A on contact with enzymes in the skin. Retinol only needs to undergo one conversion to retinoic acid. Vitamin A stimulates cell growth, increasing enzyme activity and normalizing cell division. It is therefore able to counteract the skin-aging process and improve the appearance of UV-damaged skin

**Polysorbate 20**- acts as an emulsifier and helps to bind oil and water together

**Alpha-Arbutin**- one of the most efficient skin lighteners. Ensures an even, lighter skin tone, and reduces the degree of skin tanning after UV exposure. Exhibits impressive tyrosinase inhibition and is nine times more effective than Beta-Arbutin

**Glycolic Acid**- supports collagen production, protects the skin against sun damage, prevents pores from getting blocked and aids in cellular turnover

**Sodium Hyaluronate**- highly effective active for wrinkle reduction, moisturization, elasticity and desquamation of skin

**Plankton Extract**- it protects the skin from UV radiation and blue light and helps prevent pollutants and toxins from penetrating the skin. It reduces oxidative stress, protects the cells and fights the signs of premature skin aging. Plankton also has antibacterial properties and can strengthen the skin barrier

**Stearyl Glycyrhetinate**- can enhance moisturization, hydration and rejuvenation of the skin

**Aloe Barbadensis Leaf Extract**- a water binding agent for skin containing amino acids, enzymes, hormones, minerals, saponins, vitamins and more making it a potent moisturizer and soothing agent. Improves the appearance of aging and dry skin. Its antimicrobial, antiseptic and anti-inflammatory properties help to soothe skin, reduce inflammation and treat problematic areas killing bacteria. It is also an antioxidant and humectant (hydrating agent)

**Ferulic Acid**- antioxidant compound in plant cells that helps reduce inflammation, signs of aging and evens out skin tone

**Naringenin**- an antioxidant rich flavonoid commonly found in citrus fruits is an antioxidant and anti-inflammatory that helps soothe compromised skin, enhances skin's ability to retain moisture and improves skin's ability to repair itself

# RETINOL MIXER

**Pseudoalteromonas Ferment Extract-** a powerful anti-aging agent that helps to restructure skin, reduce puffiness, wrinkles and fine lines. Clinically proven to stimulate collagen and elastin

**Xanthan Gum-** used as a thickening agent and texture enhancer

**Proline-** stimulates the production of collagen and elastin in the skin

**Alanine-** balances moisture levels in the skin improving overall hydration

**Serine-** an amino acid that helps the skin retain moisture and improves skin's structural support

**Sodium Phosphate-** an antioxidant that can brighten dull skin, smooth fine lines and reduce dark spots

**Sodium Hydroxide-** balances and maintains product and skin's pH levels

**Caprylyl Glycol-** helps to hydrate skin by attracting and locking in moisture

**BHT-** an antioxidant and cosmetic product stabilizer

**Phenoxyethanol-** a safe preservative that helps to protect from fungi, bacteria and yeast that can grow in products

**Ethylhexylglycerin-** a skin softening agent that is used as a preservative boosting efficacy of other preservatives such as phenoxyethanol. It also has humectant properties which help with hydration

# HYALURONIC C ESTER

Hyaluronic C Ester is a proprietary formula that contains Hyaluronic acid in three different molecular weights and provides an evolutionary process of skin hydration, penetrating multiple layers all day. In addition to the phenomenal hydration benefits, this product effectively lightens the skin's surface with a blend of tyrosinase inhibitors including Alpha Arbutin, Kojic Acid and Niacinamides. Magnesium and Sodium Ascorbyl Phosphate, the C-Ester, provide stability and yield critical moisture-sealing and skin-tightening benefits to prevent T.E.W.L., strengthening the skin's moisture barrier. Use A.M. and/or P.M. as needed. Layer Dermodality serums thinnest to thickest in viscosity.

- **targeted treatment serum**
- HA in 3 molecular weights
- fatty C to soften cell membrane (moisture retention)
- moisture expansion on multiple levels of the skin
- hours of hydration
- plumps skin
- anti-inflammatory
- lightens & brightens skin tone

**BEST FOR:** Dry, dull, dehydrated, aging skin types

- Can also help to lift pigment

**WHEN TO USE:** A.M. & P.M. (Or as needed)

**HOW TO USE:** Apply 2-3 pumps to fingertips and gently pat into face, neck and decollete

**SPECIAL NOTES:**

- Mix this serum with another highly concentrated treatment serum, such as Vitamin A: Intense, to tone down intensity of actives

**CONTRAINDICATIONS:** None

**STORAGE NOTES:** Store in a room temperature, dark cabinet away from direct sunlight.

Heat and steam from showers can affect product efficacy

**SUGGESTED RETAIL PRICE:** \$69 and can last up to 3 months

**SHELF LIFE:** 18 months from purchase date

# HYALURONIC C ESTER

## WHEN TO USE IN REGIMEN:

- 1.Cleanse
- 2.Tone and/or resurface pads
- 3.Serums <
- 4.Eye Treatments
- 5.Moisturizers
- 6.Protect

## **\*These ingredients have been verified and CP (clinically proven)**

Water/Aqua, Propanediol, Niacinamide, Glycerin, Hydrolyzed Sodium Hyaluronate, Sodium Hyaluronate, Dipotassium Glycyrrhizate, Lysine, Histidine, Arginine, Aspartic Acid, Threonine, Serine, Glutamic Acid, Proline, Glycine, Alanine, Valine, Isoleucine, Leucine, Tyrosine, Phenylalanine, Alpha-Arbutin, Kojic Acid, Dicrateria Rotunda, Ruttnera Lamellosa Oil, Lecithin, Sodium Ascorbate, Erythritol, Hibiscus Sabdariffa Fruit Extract, Caprylhydroxamic Acid, 1,2-Hexanediol

## **Water/Aqua**

**Propanediol-** 100% plant based ingredient derived from corn starch is has the ability to attract and maintain moisture on the skin

**Niacinamide-** also known as vitamin B3 and nicotinamide, niacinamide is a water-soluble vitamin that works with the natural substances in your skin to help visibly improve the appearance of enlarged pores, uneven skin tone, fine lines and wrinkles, dullness and a weakened surface

**Glycerin-** acting as a humectant it helps increase skin hydration, relieve dryness and refresh the skin's surface. It is also an emollient which helps to soften skin

**Hydrolyzed Sodium Hyaluronate (micro)-** microHA™ is the super active HA produced by a patent enzymatic degradation technology with superb biological activity. The molecular weight of microHA™ is less than 5000Da, so it can quickly penetrate the epidermis and dermis to scavenge free radicals, reduce inflammation factor activity, repair damaged cells, and protect the skin against inflammation and sensitivity caused by various stimulus

# HYALURONIC C ESTER

**Hydrolyzed Sodium Hyaluronate (mini)-** in-vitro study shows miniHA can reconstruct the human skin and can penetrate into the skin with an absorption rate up to 69.5% into the dermis and epidermis skin layers. The system used to produce this specific Hydrolyzed Sodium Hyaluronate can repair skin cells damaged by ultraviolet irradiation. It can effectively scavenge free radicals, which will slow down the aging process. It can significantly enhance skin elasticity, strengthen skin barrier and reduce wrinkle depth

**Sodium Hyaluronate-** highly effective active for wrinkle reduction, moisturization, elasticity and desquamation of skin

**Dipotassium Glycyrrhizate-** an organic molecule derived from licorice with anti-inflammatory and soothing properties. It also helps to lift dark spots

**Lysine-** an essential amino acid, building blocks of skin health, that aids in the production of collagen

**Histidine-** an amino acid and skin moisturizer that may help to protect skin from infections

**Arginine-** an antioxidant that helps to stimulate collagen, strengthens elasticity and overall vitality

**Aspartic Acid-** an amino acid used to hydrate, soothe and protect

**Threonine-** an amino acid known to moisturize, protect, heal, replenish, and provide anti-aging benefits

**Serine-** an amino acid that helps the skin retain moisture and improves skin's structural support

**Glutamic Acid-** an amino acid that helps water molecules bind together in the skin providing moisturizing and hydrating benefits while also keeping the skins pH in tact

**Proline-** stimulates the production of collagen and elastin in the skin

**Glycine-** an amino acid that improves moisture retention, hydration, collagen formation, and signs of aging

**Alanine-** balances moisture levels in the skin improving overall hydration

**Valine-** an essential amino acid that provides a considerable amount of hydration to the skin

# HYALURONIC C ESTER

**Isoleucine-** amino acid that promotes the skin's natural ability to regenerate, strengthens barrier, reduces signs of aging and stimulates skin cell renewal

**Leucine-** amino acid that can repair aging tissue, support collagen synthesis, wound heal, moisturize and provide anti-inflammatory benefits

**Tyrosine-** an amino acid used to build, strengthen and repair skin tissue. Anti-aging and anti-wrinkle

**Phenylalanine-** an amino acid that helps skin retain moisture as well as helps to correct uneven skin tone

**Alpha-Arbutin-** one of the most efficient skin lighteners. Ensures an even, lighter skin tone, and reduces the degree of skin tanning after UV exposure. Exhibits impressive tyrosinase inhibition and is nine times more effective than Beta-Arbutin

**Kojic Acid-** promotes skin lightening and helps establish an even skin tone on all skin types. Tyrosinase inhibitor

**Dicrateria Rotunda-** skin conditioner

**Ruttnera Lamellosa Oil-** skin conditioner

**Lecithin-** acts as an anti-aging agent and skin matrix reconstructing agent. It is obtained from biotechnological microalgae fractions designed to regenerate and rejuvenate the skin

**Sodium Ascorbate-** vitamin C

**Erythritol-** works as a humectant to maintain the water content of a cosmetic in its packaging and on the skin

**Hibiscus Sabdariffa Fruit Extract-** rich in antioxidants it helps to reduce the appearance of fine lines and wrinkles bringing about a more youthful complexion

**Caprylhydroxamic Acid-** used to inhibit mold and microbial growth

**1,2-Hexanediol-** a humectant that pulls water from deeper layers of the skin as well as from the air and locks it in to retain moisture

# VITAMIN C: INTENSE

Developed through clinical advancements, Dermodality's Vitamin C: Intense is one of the most contemporary and potent formulations on the market today. This product utilizes the most up-to-date technology in the form of antioxidant potency, dermal protection from UV infrared damage, texturization of surface skin, lightening and brightening values that are clinically proven to exceed hydroquinone, along with the industry's most effective actives providing the greatest stability. There are five key actives in this powerhouse formulation including a knotgrass extract (rich in flavonoids) capable of helping fight photoaging / photodamage as well as a source of vitamin C that is said to be the world's highest. All of these advanced actives help improve the appearance of wrinkles as well as hydrate, nourish, protect and boost luminosity.

- **skin-conditioning serum**
- fibroblast stimulation (collagen production)
- promotes healthy cellular communication
- powerful antioxidant
- infrared damage prevention (DNA protection)
- aids in cellular turnover
- seals in moisture
- prevents T.E.W.L.
- wrinkle reduction
- helps to firm skin
- promotes radiant and glowing skin

**BEST FOR:** All skin types especially for anti-aging

**WHEN TO USE:** A.M. (Daily)

**HOW TO USE:** Apply 3-4 drops directly onto face, neck and decollete and gently tap in

**SPECIAL NOTES:**

- If client has a vitamin C sensitivity try applying every other day until still acclimates to the active formula
- Mix another treatment serum such as Hyaluronic C Ester (for dry skin), M: Corrective (for oily/acne skin), or any moisturizer to tone down intensity without losing efficacy

**CONTRAINDICATIONS:**

- Do not use immediately after in-office treatment: follow post care instructions
- Do not use on highly sensitized skin condition including sunburn

**STORAGE NOTES:** Store in a room temperature, dark cabinet away from direct sunlight. Heat and steam from showers can affect product efficacy

# VITAMIN C: INTENSE

**SUGGESTED RETAIL PRICE:** \$72 and can last up to 3 months

**SHELF LIFE:** 12 months from purchase date

**WHEN TO USE IN REGIMEN:**

1. Cleanse
2. Tone and/or resurface pads
3. Serums <
4. Eye Treatments
5. Moisturizers
6. Protect

**\*These ingredients have been verified and CP (clinically proven)**

Water/Aqua, Glycerin, Propanediol, Caprylhydroxamic Acid, 1,2-Hexanediol, Sodium Hyaluronate, Xanthan Gum, Terminalia Ferdinandiana Fruit Extract, Alcohol Denat., Tasmannia Lanceolata Fruit Extract, Syzygium Luehmannii Fruit Extract, Ascorbyl Glucoside, Vaccinium Myrtillus (Bilberry) Fruit Extract, Saccharum Officinarum (Sugar Cane) Extract, Acer Saccharum (Sugar Maple) Extract, Citrus Aurantium Dulcis (Orange) Fruit Extract, Citrus Limon (Lemon) Fruit Extract, Aminopropyl Ascorbyl Phosphate, Palmitoyl Tripeptide-5, Polygonum Aviculare Extract, Alpha-Arbutin, Polysorbate 20, Phenoxyethanol, Ethylhexylglycerin, Natural Fragrance

## **Water/Aqua**

**Glycerin-** acting as a humectant it helps increase skin hydration, relieve dryness and refresh the skin's surface. It is also an emollient which helps to soften skin

**Propanediol-** 100% plant based ingredient derived from corn starch is has the ability to attract and maintain moisture on the skin

**Caprylhydroxamic Acid-** an amino acid derived from coconuts that acts as a preservative in cosmetic products to inhibit mold and other bacterial growths

**1,2-Hexanediol-** a humectant that pulls water from deeper layers of the skin as well as from the air and locks it in to retain moisture

**Sodium Hyaluronate-** highly effective active for wrinkle reduction, moisturization, elasticity and desquamation of skin

**Xanthan Gum-** used as a thickening agent and texture enhancer

# VITAMIN C: INTENSE

**Terminalia Ferdinandiana Fruit Extract-** extracted from the Kakadu plum, a plant native to Australia, it is the world's highest source of vitamin C. It is rich in antioxidants therefore fights oxidative stress to reduce the appearance of wrinkles. It improves skin radiance and boosts skin luminosity

**Alcohol Denat.**

**Tasmannia Lanceolata Fruit Extract-** a fruit extract derived from a shrub native to an island in southern Australia, is used to fight signs of aging, fight acne and provide anti-inflammatory benefits

**Syzygium Luehmannii Fruit Extract-** a powerful antioxidant, humectant and skin conditioner

**Ascorbyl Glucoside-** AA2G™ from Hayashibara is Glucose stabilized vitamin C, whitening, anti-pollution and UV induced cell damage protection preventing from pigmentation and aging

**Vaccinium Myrtillus (Bilberry) Fruit Extract-** a powerful antioxidant containing high concentrations of vitamin C, Resveratrol, and Quercetin which can help to slow the aging process. Bilberry also assists in the supply of oxygen rich blood flow on all layers of the skin which helps the skin absorb essential vitamins and nutrients as well as helping maintain a healthy oil balance of skin's surface

**Saccharum Officinarum (Sugar Cane) Extract-** a source of glycolic acid this ingredients aids in collagen and hyaluronic synthesis which can help to decrease the appearance of fine lines and wrinkles

**Acer Saccharum (Sugar Maple) Extract-** a naturally derived AHA it helps assist the desquamation process removing dead skin build up, bacteria and other damage caused by free radicals. May also help prevent the formation of blemishes, fine lines and wrinkles

**Citrus Aurantium Dulcis (Orange) Fruit Extract-** delivers antioxidant, anti-inflammatory, and antimicrobial benefits while lightening and brightening skins surface

# VITAMIN C: INTENSE

**Citrus Limon (Lemon) Fruit Extract-** a blast of vitamin C, antioxidant, helps to improve skin tone and prevent fine lines and wrinkles

**Aminopropyl Ascorbyl Phosphate-** promotion of collagen synthesis, wrinkle reduction, prevention of discoloration from vitamin C and derivatives, adding other vitamin C benefits including skin brightening and antioxidant properties

**Palmitoyl Tripeptide-5-** is a patented peptide that helps slow down the skin aging process. It mimics the body's own mechanism, simultaneously boosting collagen production and protecting against collagen degradation

**Polygonum Aviculare Extract-** knotgrass extract is a plant antioxidant that has shown to help improve the visible effects of damage caused by intra-aging and extrinsic factors

**Alpha-Arbutin-** one of the most efficient skin lighteners. Ensures an even, lighter skin tone, and reduces the degree of skin tanning after UV exposure. Exhibits impressive tyrosinase inhibition and is nine times more effective than Beta-Arbutin

**Polysorbate 20-** acts as an emulsifier and helps to bind oil and water together

**Phenoxyethanol-** a safe preservative that helps to protect from fungi, bacteria and yeast that can grow in products

**Ethylhexylglycerin-** a skin softening agent that is used as a preservative boosting efficacy of other preservatives such as phenoxyethanol. It also has humectant properties which help with hydration

**Natural Fragrance**

# M: CORRECTIVE

Decongest glands and follicles, clear out bacteria, reduce inflammation, and lighten skin's surface with this ultra light-weight daily serum. Containing 9% Mandelic Acid, its ability to reduce redness and irritation is unparalleled. This fast-acting formula is for all skin types, tones and conditions, and should be used on a regular basis. Multi-functional AHAs help to reduce the appearance of pore size by constant clearing of daily dirt and debris while also aiding in the desquamation process that happens on a regular basis. A.M. & P.M. use, and an excellent treatment serum to mix with more potent targeted serums such as Vitamin A: Intense.

- 10% mandelic acid daily serum
- **targeted treatment serum**
- low pH (2.0)
- highly anti-inflammatory
- anti-bacterial (helps to fight C-acnes, acne causing bacteria)
- helps to minimize breakouts
- ideal for oily or acne prone skin
- multiple benefits for ALL skin types and conditions
- soothing and calming
- penetrates follicles and decongests pores
- lightens and rejuvenates overall skin appearance

**BEST FOR:** Oily, acne, sensitive skin but good for anti-aging and brightening

- Excellent for rosacea
- Teens

**WHEN TO USE:** A.M. & P.M.

**HOW TO USE:** Apply 3-4 drops directly onto face, neck and decollete and tap in

**SPECIAL NOTES:**

- Great for teens
- Mix this serum with another highly concentrated treatment serum, such as Vitamin A: Intense, to tone down intensity of actives
- Ideal for those living in extreme humidity that does not like the feel of too much product on the skin

**CONTRAINDICATIONS:** None

**STORAGE NOTES:** Store in a room temperature, dark cabinet away from direct sunlight. Heat and steam from showers can affect product efficacy

**SUGGESTED RETAIL PRICE:** \$69 and can last up to 3 months

**SHELF LIFE:** 18 months from purchase date

# M: CORRECTIVE

## WHEN TO USE IN REGIMEN:

1. Cleanse
2. Tone and/or resurface pads
3. Serums <
4. Eye Treatments
5. Moisturizers
6. Protect

## **\*These ingredients have been verified and CP (clinically proven)**

Water, Mandelic Acid, Glycolic Acid, Lactic Acid, Dipotassium Glycyrrhizate, Aloe Barbadensis Leaf Extract, Panthenol, Glycerin, Sodium Benzoate, Citric Acid, Ascorbic Acid, Potassium Sorbate, Sodium Sulfate

## **Water**

**Mandelic Acid-** powerful antibacterial properties, gentle exfoliator, aids in cellular turnover, helps defeat acne, brightens dull skin, retexturize skin, hyperpigmentation, smoothes fine lines and wrinkles

**Glycolic Acid-** supports collagen production, protects the skin against sun damage, prevents pores from getting blocked and aids in cellular turnover

**Lactic Acid-** brightens dullness, smooths skin, adds moisture and makes skin firmer

**Dipotassium Glycyrrhizate-** an organic molecule derived from licorice with anti-inflammatory and soothing properties. It also helps to lift dark spots

**Aloe Barbadensis Leaf Extract-** a water binding agent for skin containing amino acids, enzymes, hormones, minerals, saponins, vitamins and more making it a potent moisturizer and soothing agent. Improves the appearance of aging and dry skin. Its antimicrobial, antiseptic and anti-inflammatory properties help to soothe skin, reduce inflammation and treat problematic areas killing bacteria. It is also an antioxidant and humectant (hydrating agent)

# M: CORRECTIVE

**Panthenol-** moisturize skin, reduce inflammation, and help wounds heal faster

**Glycerin-** acting as a humectant it helps increase skin hydration, relieve dryness and refresh the skin's surface. It is also an emollient which helps to soften skin

**Sodium Benzoate-** a safe preservative that helps to protect from fungi, bacteria and yeast that can grow in products

**Citric Acid-** lightens, brightens and evens out skin tone. Can help to unclog pores and promote exfoliation

**Ascorbic Acid-** bioavailable vitamin c that lightens skin, promotes collagen & elastin formation, helps the appearance of premature aging, strengthens blood vessels and protects DNA in cell

**Potassium Sorbate-** a mild and effective preservative that helps to extend the shelf life of cosmetic products

**Sodium Sulfate-** used as an emulsifier or surfactant to help thicken and stabilize solutions

# HQ LIGHTENING GEL

Used as a skin-conditioning serum, HQ Lightening Gel can be exceptionally effective at lightening age spots, sun spots, P.I.H., acne scars and more. This powerful, targeted treatment serum contains a healthy dose of the beauty industry's "gold standard" lightening agent, Hydroquinone, paired with a proprietary formula of tyrosinase inhibitors, AHAs, and Salicylic acid. This serum is a must have to address all pigment concerns. P.M. use only. Blend with another Dermodality treatment serum, moisturizer OR layer thinnest to thickest. This is NOT a spot treatment. Apply to the entire face/neck/decollete.

- **skin-conditioning serum**
- powerful dark spot reducer
- pigment prevention
- melanin stabilizer
- increases cellular turnover
- AHA's for texture correction and product penetration

**BEST FOR:** Hyperpigmentation, melasma, P.I.H.

**WHEN TO USE:** P.M.

**HOW TO USE:** Apply 2-3 drops directly onto face, neck and decollete and gently pat in. \*Not a spot treatment.

**SPECIAL NOTES:**

- If client wants an alternative to hydroquinone as a lightening agent, refer them to our advanced formula Vitamin C: Intense that now contains industry high doses of tyrosinase inhibitors

**CONTRAINDICATIONS:**

- Pregnancy, advise clients to discontinue use
- Sensitive skin

**STORAGE NOTES:** Store in a room temperature, dark cabinet away from direct sunlight. Heat and steam from showers can affect product efficacy

**SUGGESTED RETAIL PRICE:** \$54 and can last up to 3 months

**SHELF LIFE:** 12 months from purchase date

**WHEN TO USE IN REGIMEN:**

1. Cleanse
2. Tone and/or resurface pads
3. Serums <
4. Eye Treatments
5. Moisturizers
6. Protect

**\*These ingredients have been verified and CP (clinically proven)**

# HQ LIGHTENING GEL

Deionized Water, Glycerin, Lactic Acid, Hydroquinone, Kojic Acid, Sodium Acrylates, Retinol, Polysorbate 20, Ascorbic Acid, Aloe Leaf Juice, Sodium PCA, Salicylic Acid, Panthenyl Triacetate, Nareingenin, Lecithin, Sodium Phytate, Alcohol, Phenoxyethanol, Ethylhexylglycerin.

## **Deionized Water**

**Glycerin-** acting as a humectant it helps increase skin hydration, relieve dryness and refresh the skin's surface. It is also an emollient which helps to soften skin

**Lactic Acid-** AHA that brightens dullness, smooths skin, adds moisture and makes skin firmer

**Hydroquinone-** considered a primary ingredient to inhibit the production of melanin (skin pigment)

**Kojic Acid-** promotes skin lightening and helps establish an even skin tone on all skin types. Tyrosinase inhibitor

**Sodium Acrylates-** texture enhancer, binder and film forming agent

**Retinol-** an active ingredient for cosmetic skin-care products, releasing Vitamin A on contact with enzymes in the skin. Retinol only needs to undergo one conversion to retinoic acid. Vitamin A stimulates cell growth, increasing enzyme activity and normalizing cell division. It is therefore able to counteract the skin-aging process and improve the appearance of UV-damaged skin

**Polysorbate 20-** acts as an emulsifier and helps to bind oil and water together

**Ascorbic Acid-** bioavailable vitamin c that lightens skin, promotes collagen & elastin formation, helps the appearance of premature aging, strengthens blood vessels and protects DNA in cell

**Aloe Leaf Juice-** a water binding agent for skin containing amino acids, enzymes, hormones, minerals, saponins, vitamins and more making it a potent moisturizer and soothing agent. Improves the appearance of aging and dry skin. Its antimicrobial, antiseptic and anti-inflammatory properties help to soothe skin, reduce inflammation and treat problematic areas killing bacteria. It is also an antioxidant and humectant (hydrating agent)

# HQ LIGHTENING GEL

**Sodium PCA-** occurs naturally in human skin and is responsible for binding moisture to the cells. Highly water- absorbent, holding several times its weight in water, which makes it an excellent humectant. A strong hydrating agent

**Salicylic Acid-** mild exfoliant that helps reduce acne breakouts with antibacterial properties while retexturizing skins surface

**Panthenyl Triacetate-** a moisturizing ingredient, emollient, that helps to prevent T.E.W.L. (transepidermal water loss) while rapidly hydrating and stimulating skin metabolism. Supports skin functions

**Nareingenin-** an antioxidant rich flavonoid commonly found in citrus fruits is an antioxidant and anti-inflammatory that helps soothe compromised skin, enhances skin's ability to retain moisture and improves skin's ability to repair itself

**Lecithin-** acts as an anti-aging agent and skin matrix reconstructing agent. It is obtained from biotechnological microalgae fractions designed to regenerate and rejuvenate the skin

**Sodium Phytate-** chelating agent and cosmetic product stabilizer

## Alcohol

**Phenoxyethanol-** a safe preservative that helps to protect from fungi, bacteria and yeast that can grow in products

**Ethylhexylglycerin-** a skin softening agent that is used as a preservative boosting efficacy of other preservatives such as phenoxyethanol. It also has humectant properties which help with hydration

# BLEMISH RX

Target pesky and problematic areas with this mighty, medical-grade strength serum containing supercharged concentrations of Resorcinol & Sulfur. This clinically proven spot treatment begins to work instantaneously upon application by reducing inflammation, loosening the top layer of skin, absorbing excess oils and drying out the problematic area.

- **targeted treatment serum**
- potent OTC BHA
- for acne prone skin
- fast acting spot treatment
- clinical strength
- clinically proven to work

**BEST FOR:** Acne prone skin

**WHEN TO USE:** P.M. (When a breakout occurs)

**HOW TO USE:** Apply over any problematic area after cleansing and toning. Follow with any other treatment serums

**SPECIAL NOTES:**

- Spot treatment only

**CONTRAINDICATIONS:** None

**STORAGE NOTES:** Store in a room temperature, dark cabinet away from direct sunlight. Heat and steam from showers can affect product efficacy

**SUGGESTED RETAIL PRICE:** \$64 and can last up to 3-6 months

**SHELF LIFE:** 12 months from purchase date

**WHEN TO USE IN REGIMEN:**

- 1.Cleanse
- 2.Tone and/or resurface pads
- 3.Serums <
- 4.Eye Treatments
- 5.Moisturizers
- 6.Protect

**\*These ingredients have been verified and CP (clinically proven)**

Deionized Water, Sulfur, Glycerin, Resorcinol, Propylene Glycol, Carbomer 940, Sodium Metabisulfite, Sodium Hydroxide, Fragrance

# BLEMISH RX

## **Deionized Water**

**Sulfur-** sulfur, a chemical element, that works to exfoliate dead skin and remove impurities

**Glycerin-** acting as a humectant it helps increase skin hydration, relieve dryness and refresh the skin's surface. It is also an emollient which helps to soften skin

**Resorcinol-** a phenolic compound that works by helping to remove hard, rough and scaly skin

**Propylene Glycol-** good for skin hydration helping dull and tired skin

**Carbomer 940-** provides thickness/viscosity allowing products to feel smooth and pleasant

**Sodium Metabisulfite-** commonly used in skin care as a preservative and antioxidant

**Sodium Hydroxide-** balances and maintains product and skin's pH levels

Fragrance

# RESTORE EYE CREAM

Rejuvenate the eye area with this highly active blend of medical grade ingredients designed to tighten, lighten and hydrate the delicate eye area. A multi-peptide complex, including Matrixyl 3000™, will help stimulate collagen production, reduce the appearance of fine lines and wrinkles while strengthening tone and elasticity. Advanced actives found in this formulation promote radiant and glowing skin while stable vitamin C provides intense moisture and antioxidant benefits. Experience true addiction with this revolutionary product or “magic in a bottle” that can instantly and dramatically ignite visual changes upon first application. Use A.M. & P.M. all around the eye area including the lid and up to the water line.

- **targeted treatment serum**
- firming cream
- weightless feel
- wrinkle reduction
- aids in lightening dark circles
- collagen and elastin stimulation
- anti-inflammatory ingredients
- all day moisture sealing actives

**BEST FOR:** All skin types, tones, and conditions

**WHEN TO USE:** A.M. & P.M.

**HOW TO USE:** Apply 1 pump to fingertips and gently massage around entire eye

**SPECIAL NOTES:**

- Can be used around the entire eye area including lids and up to water line

**CONTRAINDICATIONS:** None

**STORAGE NOTES:** Store in a room temperature, dark cabinet away from direct sunlight. Heat and steam from showers can affect product efficacy

**SUGGESTED RETAIL PRICE:** \$125 and can last up to 3 months

**SHELF LIFE:** 18 months from purchase date

**WHEN TO USE IN REGIMEN:**

1. Cleanse
2. Tone and/or resurface pads
3. Serums
4. Eye Treatments <
5. Moisturizers
6. Protect

**\*These ingredients have been verified and CP (clinically proven)**

# RESTORE EYE CREAM

Water, Glycerin, Caprylyl Methicone, Trimethylpentanediol/Adipic Acid Copolymer, Butylene Glycol, Cyclopentasiloxane, Caffeine, Ammonium Acryloyldimethyltaurate/VP Copolymer, Butyrospermum Parkii (Shea Butter) Fruit, Isopropyl Palmitate, VP/Hexadecene Copolymer, Silica, Sodium Starch Octenylsuccinate, Albizia Julibrissin Bark Extract, Alchemilla Vulgaris Extract, Alcohol Denat., Aloe Barbadensis Leaf Extract, Baicalin, Beeswax, Carbomer, Darutoside, Decyl Glucoside, Dipotassium Glycyrrhizate, Equisetum Arvense Extract, Ethylhexylglycerin, Glycine Soja (Soybean) Seed Extract, Glycosaminoglycans, Hydrolyzed Corn Starch, Hydrolyzed Corn Starch Octenylsuccinate, Hydroxyethyl Behenamidopropyl Dimonium Chloride, Hydroxypropyl Cyclodextrin, Lecithin, Medicago Sativa (Alfalfa) Extract, Octyldodecanol, Opuntia Ficus-Indica Stem Extract, Palmitoyl Tetrapeptide-7, Palmitoyl Tripeptide-1, Palmitoyl Tripeptide-38, PEG-12 Dimethicone/PPG-20 Crosspolymer, Phenoxyethanol, Polyquaternium-67, Polysorbate 20, Propanediol, Raphanus Sativus (Radish) Seed Extract, Rosmarinus Officinalis (Rosemary) Leaf Oil, Silybum Marianum Fruit Extract, Simmondsia Chinensis (Jojoba) Seed Oil, Swertia Chirata Extract, Tetrahexyldecyl Ascorbate, Titanium Dioxide, Tocopheryl Acetate, Triticum Vulgare (Wheat) Seed Extract, Zea Mays (Corn) Starch

## **Water**

**Glycerin-** acting as a humectant it helps increase skin hydration, relieve dryness and refresh the skin's surface. It is also an emollient which helps to soften skin

**Caprylyl Methicone-** a clear, colorless, low viscosity silicone fluid that has excellent spreadability leaving the skin feeling silky and smooth. Does not absorb into the skin but evaporates off of it

## **Trimethylpentanediol/Adipic Acid Copolymer**

**Butylene Glycol-** acts as a solvent for ingredients and enhances their stability, texture and absorption

**Cyclopentasiloxane-** primary function is as an emollient to help deliver other active ingredients into the skin evenly

**Caffeine-** has some antioxidant benefit and when applied topically it can help with boost elasticity and firm skin

**Ammonium Acryloyldimethyltaurate/VP Copolymer-** functions as a film forming agent, thickener and texture enhancer

# RESTORE EYE CREAM

**Butyrospermum Parkii (Shea Butter) Fruit-** an emollient that can lock in moisture to keep skin hydrated and conditioned to prevent dryness

**Isopropyl Palmitate-** used primarily as an emollient to soothe and soften skin

**VP/Hexadecene Copolymer-** binding and film forming agent

**Silica (Valance look 100)-** deliver texture control good for spreading

**Sodium Starch Octenylsuccinate-** controls viscosity of product

**Albizia Julibrissin Bark Extract-** contains antioxidant, anti-aging, and immune stimulating properties. Properties found within it protect extracellular matrix components, primarily collagen, from glycation showing anti-aging effects

**Alchemilla Vulgaris Extract-** a botanical extract that has antioxidant, anti-inflammatory and astringent properties and is used to reduce the appearance of age spots and lighten uneven skin tone

**Alcohol Denat.**

**Aloe Barbadensis Leaf Extract-** a water binding agent for skin containing amino acids, enzymes, hormones, minerals, saponins, vitamins and more making it a potent moisturizer and soothing agent. Improves the appearance of aging and dry skin. Its antimicrobial, antiseptic and anti-inflammatory properties help to soothe skin, reduce inflammation and treat problematic areas killing bacteria. It is also an antioxidant and humectant (hydrating agent)

**Baicalin-** extracted from the Baical skullcap plant it promotes skin elasticity and firmness making skin appear more youthful

**Beeswax-** a non comedogenic ingredient that protects the skin barrier from harsh environmental irritants

**Carbomer-** provides thickness allowing products to feel smooth and pleasant

**Darutoside-** sources from a small shrub that thrives in hot climates is has powerful regenerating, healing and anti-inflammatory abilities

**Decyl Glucoside-** a non-ionic surfactant that helps to keep skin hydrated and prevents dryness

# RESTORE EYE CREAM

**Dipotassium Glycyrrhizate-** an organic molecule derived from licorice with anti-inflammatory and soothing properties. It also helps to lift dark spots

**Equisetum Arvense Extract-** gives the skin a tighter look while also conditioning and bringing back the skin's natural glow

**Ethylhexylglycerin-** a skin softening agent that is used as a preservative boosting efficacy of other preservatives such as phenoxyethanol. It also has humectant properties which help with hydration

**Glycine Soja (Soybean) Seed Extract-** containing vitamin E it has powerful antioxidant and anti-inflammatory properties that help fight free radical damage and slow down the aging process

**Glycosaminoglycans-** water binding molecules that can hold up to 1000X their own weight. The primary function is to support collagen and elastin

**Hydrolyzed Corn Starch-** mainly used for skin conditioning and can increase the viscosity of a product

**Hydrolyzed Corn Starch Octenylsuccinate-** binding and film forming agent

**Hydroxyethyl Behenamidopropyl Dimonium Chloride-** conditioning ingredient

**Hydroxypropyl Cyclodextrin-** plant derived carbohydrate and skin conditioning agent that keeps skin soft and smooth with a visible lifting effect

**Lecithin-** acts as an anti-aging agent and skin matrix reconstructing agent. It is obtained from biotechnological microalgae fractions designed to regenerate and rejuvenate the skin

**Medicago Sativa (Alfalfa) Extract-** rich in vitamin C it is a potent antioxidant which helps combat free radical damage

**Octyldodecanol-** acts as a good silicone alternative providing emollient properties to smooth and soften skin

**Opuntia Ficus-Indica Stem Extract-** derived from the prickly pear this ingredient creates an intensely moisturizing and protective layer on the skin and has a soothing effect

# RESTORE EYE CREAM

**Palmitoyl Tetrapeptide-7-** a four amino acid peptide which helps to decrease inflammation therefore slowing down the aging process

**Palmitoyl Tripeptide-1-** a three amino acid complex, and part of Matrixyl 3000, it can stimulate collagen production

**Palmitoyl Tripeptide-38-** anti wrinkle and anti aging peptide

**PEG-12 Dimethicone/PPG-20 Crosspolymer-** contain a broad range of viscosity and solubility properties

**Phenoxyethanol-** a safe preservative that helps to protect from fungi, bacteria and yeast that can grow in products

**Polyquaternium-67-** helps to lock in a prevent moisture loss

**Polysorbate 20-** acts as an emulsifier and helps to bind oil and water together

**Propanediol-** 100% plant based ingredient derived from corn starch is has the ability to attract and maintain moisture on the skin

**Raphanus Sativus (Radish) Seed Extract-** contains anti-inflammatory properties that help reduce redness and swelling while also strengthening moisture barrier

**Rosmarinus Officinalis (Rosemary) Leaf Oil-** can improve circulation, is slightly antibacterial, promotes skin metabolism and is a powerful antioxidant

**Silybum Marianum Fruit Extract-** a fruit extract that helps sagging skin, prevents premature signs of skin aging like crow's feet, fine lines and deep wrinkles

**Simmondsia Chinensis (Jojoba) Seed Oil-** contains anti-inflammatory agents that help reduces redness caused by drying, eczema and rosacea

**Swertia Chirata Extract-** derived from the swertia chirata plant its known for its anti-inflammatory properties that can help soothe and calm irritated skin

**Tetrahexyldecyl Ascorbate-** BV-OSC is a stable form of vitamin C that has shown to stimulate healthy collagen production and reduce wrinkle depth. Research has also shown a reduction in discoloration

**Titanium Dioxide-** an earth mineral that helps reflect and scatter UVA and UVB rays

# RESTORE EYE CREAM

**Tocopheryl Acetate-** a super antioxidant that promotes regeneration of healthy cells and helps to protect the skin from damage caused by ultraviolet rays

**Triticum Vulgare (Wheat) Seed Extract-** functions as a skin-softening agent

**Zea Mays (Corn) Starch-** helps to absorb grease and oils

# AGELESS MOISTURIZER

Defy the hands of time with this luxurious anti-aging, rich and creamy moisturizer. Developed with cutting-edge technology this moisturizer uses highly advanced peptides, exosomes, and synthesized growth factors, at industry high active levels which provide the greatest ability to stimulate cellular reproduction that diminish the signs of aging while enhancing skin's texture and surface tightness. This unique combination of advanced contemporary peptides contains an external bonus of an evolutionary moisture-sealing breakthrough, unique to the skincare industry, that can nourish the skin on a deep level allowing for a youthful and radiant glow. This moisturizer brings with it a feathery light yet intensely hydrated feel to the skin's surface. With concentrations of antioxidants, vitamins, and nutrients... You will enjoy the most beautifully hydrated, firm, bright, and younger looking complexion.

- cellular reproduction
- exosomes (aids in the repair of damaged cells)
- all day moisture
- creamy yet lightweight
- strengthens skin elasticity
- retexturize skin surface
- brightening agents
- for normal and mature skin types

**BEST FOR:** Dry, dehydrated and mature skin types

**WHEN TO USE:** A.M. & P.M. (As often as needed)

**HOW TO USE:** Apply 2-3 pumps to fingertips and gently massage or pat into face, neck and décolleté.

**SPECIAL NOTES:**

- If using with a skin-conditioning serum (like Vitamin A: Intense) it can be blended together to tone down intensity of serum while skin acclimates

**CONTRAINDICATIONS:**

- Grade 3 or 4 acne

**STORAGE NOTES:** Store in a room temperature, dark cabinet away from direct sunlight. Heat and steam from showers can affect product efficacy

**SUGGESTED RETAIL PRICE:** \$100 and can last up to 3 months

**SHELF LIFE:** 18 months from purchase date

**WHEN TO USE IN REGIMEN:**

1. Cleanse
2. Tone and/or resurface pads
3. Serums
4. Eye Treatments
5. Moisturizers <
6. Protect

# AGELESS MOISTURIZER

**\*These ingredients have been verified and CP (clinically proven)**

Water/Aqua, Carthamus Tinctorius (Safflower) Oleosomes, Caprylic/Capric Triglycerides, Sodium Acrylates Copolymer, Olea Europaea (Olive) Fruit Oil, Lyophilized Exosomes, Niacinamide, Panthenol, Magnesium Ascorbyl Phosphate, Ascorbyl Glucoside, Aloe Barbadensis (Aloe Vera) Leaf Extract\*, Sodium PCA, Ruttnera Lamellosa Oil, Watanabe Reniformis Oil, Lecithin, Glycerin, Hexapeptide, 48 HCl, Pseudoalteromonas Ferment Extract, Xanthan Gum, Proline, Alanine, Tocopherol, Serine, Sodium Phosphate, Sodium Hydroxide, Caprylyl Glycol, Ethylhexylglycerin, Salix Nigra (Willow) Bark Extract, Tocopheryl Acetate, Panthenyl, Triacetate, Naringenin, Kojic Acid, Alpha-Arbutin, Retinyl Palmitate, Soybean Oil, Argania Spinosa Kernel Oil, Hydrolyzed Himanthalia Elongata Extract, Camellia Sinensis Leaf Extract, Sodium Ascorbyl Phosphate, Stearyl Glycyrhetinate, Fragrance, Phenoxyethanol (\*) Certified Organic

## **Water/Aqua**

**Carthamus Tinctorius (Safflower) Oleosomes-** rich in linoleic acid, an essential fatty acid that locks in moisture, this ingredients is excellent in maintaining hydration on the skin's surface and as an emollient

**Caprylic/Capric Triglycerides-** excellent hydrating and skin-repairing ingredient. The mix of fatty acids can aid the repair of the skin's surface and assist in moisture loss. Derived from coconuts and vegetable glycerin. Chief job is to moisturize and replenish the skin

**Sodium Acrylates Copolymer-** texture enhancer, binder and film forming agent

**Olea Europaea (Olive) Fruit Oil-** contains essential fatty acids dry skin needs and is also an antioxidant

**Lyophilized Exosomes-** Exosomes are extracellular vesicles generated by all cells and they carry nucleic acids, proteins, lipids, and metabolites. They are mediators of near and long-distance intercellular communication in health and disease and affect various aspects of cell biology

**Niacinamide-** also known as vitamin B3 and nicotinamide, niacinamide is a water-soluble vitamin that works with the natural substances in your skin to help visibly improve the appearance of enlarged pores, uneven skin tone, fine lines and wrinkles, dullness and a weakened surface

**Panthenol-** moisturize skin, reduce inflammation, and help wounds heal faster

**Magnesium Ascorbyl Phosphate-** stable vitamin c that is a free radical scavenger, tyrosinase inhibitor, lightens/brightens skin tone and supports collagen synthesis

# AGELESS MOISTURIZER

**Ascorbyl Glucoside- AA2G™** from Hayashibara is Glucose stabilized vitamin C, whitening, anti-pollution and UV induced cell damage protection preventing from pigmentation and aging

**Aloe Barbadensis (Aloe Vera) Leaf Extract\***- a water binding agent for skin containing amino acids, enzymes, hormones, minerals, saponins, vitamins and more making it a potent moisturizer and soothing agent. Improves the appearance of aging and dry skin. Its antimicrobial, antiseptic and anti-inflammatory properties help to soothe skin, reduce inflammation and treat problematic areas killing bacteria. It is also an antioxidant and humectant (hydrating agent)

**Sodium PCA-** occurs naturally in human skin and is responsible for binding moisture to the cells. Highly water- absorbent, holding several times its weight in water, which makes it an excellent humectant. A strong hydrating agent

**Ruttnera Lamellosa Oil-** conditions skin

**Watanabe Reniformis Oil-** conditions skin

**Lecithin-** acts as an anti-aging agent and skin matrix reconstructing agent. It is obtained from biotechnological microalgae fractions designed to regenerate and rejuvenate the skin

**Glycerin-** acting as a humectant it helps increase skin hydration, relieve dryness and refresh the skin's surface. It is also an emollient which helps to soften skin

**Hexapeptide-** a small molecule that has the ability to penetrate the epidermis commonly used as an active in skin care. It works by inhibiting the SNAP receptor which is partly responsible for muscle movements

**Hexapeptide-48 HCl-** a chemical compound, peptide, used as a skin conditioning and protective agent with anti-wrinkle and anti-aging functions

**Pseudoalteromonas Ferment Extract-** a powerful anti-aging agent that helps to restructure skin, reduce puffiness, wrinkles and fine lines. Clinically proven to stimulate collagen and elastin

**Xanthan Gum-** used as a thickening agent and texture enhancer

**Proline-** stimulates the production of collagen and elastin in the skin

# AGELESS MOISTURIZER

**Alanine-** balances moisture levels in the skin improving overall hydration

**Tocopherol-** Vitamin E helps protect skin from damage due to UV rays, antioxidant and promotes regeneration of healthy cells

**Serine-** an amino acid that helps the skin retain moisture and improves skin's structural support

**Sodium Phosphate-** an antioxidant that can brighten dull skin, smooth fine lines and reduce dark spots

**Sodium Hydroxide-** balances and maintains product and skin's pH levels

**Caprylyl Glycol-** helps to hydrate skin by attracting and locking in moisture

**Ethylhexylglycerin-** a skin softening agent that is used as a preservative boosting efficacy of other preservatives such as phenoxyethanol. It also has humectant properties which help with hydration

**Salix Nigra (Willow) Bark Extract-** a plant extract with proven skin-soothing and antioxidant benefits. It provides salicylic acid-like benefits including astringent, antibacterial, and anti-inflammatories without drawbacks usually associated with salicylic acid such as irritation

**Tocopheryl Acetate (Vitamin E)-** a super antioxidant that promotes regeneration of healthy cells and helps to protect the skin from damage caused by ultraviolet rays

**Panthenyl Triacetate-** a moisturizing ingredient, emollient, that helps to prevent T.E.W.L. (transepidermal water loss) while rapidly hydrating and stimulating skin metabolism. Supports skin functions

**Naringenin-** a flavonoid commonly found in citrus fruits is an antioxidant and anti-inflammatory

**Kojic Acid-** promotes skin lightening and helps establish an even skin tone on all skin types. Tyrosinase inhibitor

**Alpha-Arbutin-** one of the most efficient skin lighteners. Ensures an even, lighter skin tone, and reduces the degree of skin tanning after UV exposure. Exhibits impressive tyrosinase inhibition and is nine times more effective than Beta-Arbutin

# AGELESS MOISTURIZER

**Retinyl Palmitate-** an active ingredient for cosmetic skin-care products, releasing Vitamin A on contact with enzymes in the skin. Vitamin A stimulates cell growth, increasing enzyme activity and normalizing cell division. It is therefore able to counteract the skin-aging process and improve the appearance of UV-damaged skin

**Soybean Oil-** full of Vitamin E, Omega 3 and Omega 6 fatty acids its small molecule allows it to easily penetrate the skin providing protection from free radicals, signs of aging, hydration, discoloration and anti-inflammatory benefits

**Argania Spinosa Kernel Oil-** highly effective antioxidant that protects the skin against free radicals. Also containing an abundance of Vitamin E and omega fatty acids that help to nourish, soften and hydrate the skin

**Hydrolyzed Himanthalia Elongata Extract-** derived from a species of brown seaweed it provides high levels of Vitamin A, C E along with essential amino acids and minerals that help to restore, nourish and hydrate skin on a deep level

**Camellia Sinensis Leaf Extract-** antioxidant, anti-inflammatory and antimicrobial properties

**Sodium Ascorbyl Phosphate-** a water soluble and gentle form of Vitamin C that works as an antioxidant to protect the skin's moisture barrier

**Stearyl Glycyrrhetinate-** can enhance moisturization, hydration and rejuvenation of the skin

**Fragrance-** cucumber melon fragrance oil

**Phenoxyethanol-** a safe preservative that helps to protect from fungi, bacteria and yeast that can grow in products

# PEPTIDE PLUS MOISTURIZER

A highly active, serum-based moisturizer featuring moisture-sealing, anti-inflammatory, antioxidant actives, and Dermodality's signature highly concentrated peptide complex that combines Plankton & Lecithin with our proprietary active grouping. Each active ingredient helps to stimulate healthy cell growth factors and protect from free radicals all while sealing in critical levels of moisture. This light and refreshing daily hydrating treatment provides the skin with a complete complexion transformation. It is excellent when layered over any of our selected serums (each of our serums contain multiple lightening agents) to seal in the potency and help lighten pigmentation.

- multi-functional marine peptide
- highly concentrated actives
- antioxidant rich
- anti-inflammatory
- all day hydration
- lightweight
- water sealing technology
- for most skin types

**BEST FOR:** Most skin types

**WHEN TO USE:** A.M. & P.M. (As often as needed)

**HOW TO USE:** Apply 2-3 pumps to fingertips and gently massage or pat into face, neck and décolleté.

**SPECIAL NOTES:**

- Good to have as a back bar moisturizer
- If blended with a potent treatment serum, such as Vitamin A: Intense, it can tone down intensity of serum while skin acclimates

**CONTRAINDICATIONS:**

- Grade 3 or 4 acne

**STORAGE NOTES:** Store in a room temperature, dark cabinet away from direct sunlight. Heat and steam from showers can affect product efficacy

**SUGGESTED RETAIL PRICE:** \$96 and can last up to 3 months

**SHELF LIFE:** 18 months from purchase date

# PEPTIDE PLUS MOISTURIZER

## WHEN TO USE IN REGIMEN:

1. Cleanse
2. Tone and/or resurface pads
3. Serums
4. Eye Treatments
5. Moisturizers <
6. Protect

## **\*These ingredients have been verified and CP (clinically proven)**

Water/Aqua, Caprylic/Capric Triglycerides, Glycerin, Carthamus Tinctorius (Safflower) Oleosomes, Olea Europaea (Olive) Fruit Oil, Sodium Acrylates Copolymer, Panthenol, Magnesium Ascorbyl Phosphate, Ascorbyl Glucoside, Aloe Barbadensis (Aloe Vera) Leaf Extract\*, Sodium PCA, Stearyl Glycyrhettinate, Ruttnera Lamellosa Oil, Watanabe Reniformis Oil, Lecithin, Hexapeptide-48 HCl, Pseudoalteromonas Ferment Extract, Xanthan Gum, Alanine, Proline, Serine, Sodium Phosphate, Sodium Hydroxide, Tocopherol, Caprylyl Glycol, Ethylhexylglycerin, Salix Nigra (Willow) Bark Extract, Dextran, Caprooyl-Tetrapeptide-3, Tocopheryl Acetate, Retinyl Palmitate, Soybean Oil, Argania Spinosa Kernel Oil, Hydrolyzed Himanthalia Elongata Extract, Camellia Sinensis Leaf Extract, Panthenyl Triacetate, Naringenin, Sodium Ascorbyl Phosphate, Phenoxyethanol, Fragrance: (\*) Certified Organic

## **Water/Aqua**

**Caprylic/Capric Triglycerides-** excellent hydrating and skin-repairing ingredient. The mix of fatty acids can aid the repair of the skin's surface and assist in moisture loss. Derived from coconuts and vegetable glycerin. Chief job is to moisturize and replenish the skin

**Glycerin-** acting as a humectant it helps increase skin hydration, relieve dryness and refresh the skin's surface. It is also an emollient which helps to soften skin

**Carthamus Tinctorius (Safflower) Oleosomes-** rich in linoleic acid, an essential fatty acid that locks in moisture, this ingredients is excellent in maintaining hydration on the skin's surface and as an emollient

**Olea Europaea (Olive) Fruit Oil-** contains essential fatty acids dry skin needs and is also an antioxidant

# PEPTIDE PLUS MOISTURIZER

**Sodium Acrylates Copolymer-** texture enhancer, binder and film forming agent

**Panthenol-** moisturizes skin, reduces inflammation, and helps wounds heal faster

**Magnesium Ascorbyl Phosphate-** stable vitamin c that is a free radical scavenger, tyrosinase inhibitor, lightens/brightens skin tone and supports collagen synthesis

**Ascorbyl Glucoside-** AA2G™ from Hayashibara is Glucose stabilized vitamin C, whitening, anti-pollution and UV induced cell damage protection preventing from pigmentation and aging

**Aloe Barbadensis (Aloe Vera) Leaf Extract\*-** a water binding agent for skin containing amino acids, enzymes, hormones, minerals, saponins, vitamins and more making it a potent moisturizer and soothing agent. Improves the appearance of aging and dry skin. Its antimicrobial, antiseptic and anti-inflammatory properties help to soothe skin, reduce inflammation and treat problematic areas killing bacteria. It is also an antioxidant and humectant (hydrating agent)

**Sodium PCA-** occurs naturally in human skin and is responsible for binding moisture to the cells. Highly water- absorbent, holding several times its weight in water, which makes it an excellent humectant. A strong hydrating agent

**Stearyl Glycyrrhetinate-**can enhance moisturization, hydration and rejuvenation of the skin

**Ruttnera Lamellosa Oil-** conditions skin

**Watanabe Reniformis Oil-** conditions skin

**Lecithin-** acts as an anti-aging agent and skin matrix reconstructing agent. It is obtained from biotechnological microalgae fractions designed to regenerate and rejuvenate the skin

**Hexapeptide-48 HCl-** a chemical compound, peptide, used as a skin conditioning and protective agent with anti-wrinkle and anti-aging functions

# PEPTIDE PLUS MOISTURIZER

**Pseudoalteromonas Ferment Extract-** a powerful anti-aging agent that helps to restructure skin, reduce puffiness, wrinkles and fine lines. Clinically proven to stimulate collagen and elastin

**Xanthan Gum-** used as a thickening agent and texture enhancer

**Alanine-** balances moisture levels in the skin improving overall hydration

**Proline-** stimulates the production of collagen and elastin in the skin

**Serine-** an amino acid that helps the skin retain moisture and improves skin's structural support

**Sodium Phosphate-** an antioxidant that can brighten dull skin, smooth fine lines and reduce dark spots

**Sodium Hydroxide-** balances and maintains product and skin's pH levels

**Tocopherol-** a super antioxidant that promotes regeneration of healthy cells and helps to protect the skin from damage caused by ultraviolet rays

**Caprylyl Glycol-** helps to hydrate skin by attracting and locking in moisture

**Ethylhexylglycerin-** a skin softening agent that is used as a preservative boosting efficacy of other preservatives such as phenoxyethanol. It also has humectant properties which help with hydration

**Salix Nigra (Willow) Bark Extract-** a plant extract with proven skin-soothing and antioxidant benefits. It provides salicylic acid-like benefits including astringent, antibacterial, and anti-inflammatories without drawbacks usually associated with salicylic acid such as irritation

**Dextran-** promotes better moisture retention and improved hydration

**Caprooyl-Tetrapeptide-3-** peptides that boost the extracellular matrix components decreasing the appearance of fine lines and wrinkles, elasticity and fights against stretch marks

# PEPTIDE PLUS MOISTURIZER

**Tocopheryl Acetate-** protects skin from damage due to UV rays and contributes the regeneration of healthy cells

**Retinyl Palmitate-** an active ingredient for cosmetic skin-care products, releasing Vitamin A on contact with enzymes in the skin. Vitamin A stimulates cell growth, increasing enzyme activity and normalizing cell division. It is therefore able to counteract the skin-aging process and improve the appearance of UV-damaged skin

**Soybean Oil-** full of Vitamin E, Omega 3 and Omega 6 fatty acids its small molecule allows it to easily penetrate the skin providing protection from free radicals, signs of aging, hydration, discoloration and anti-inflammatory benefits

**Argania Spinosa Kernel Oil-** highly effective antioxidant that protects the skin against free radicals. Also containing an abundance of Vitamin E and omega fatty acids that help to nourish, soften and hydrate the skin

**Hydrolyzed Himanthalia Elongata Extract-** derived from a species of brown seaweed it provides high levels of Vitamin A, C E along with essential amino acids and minerals that help to restore, nourish and hydrate skin on a deep level

**Camellia Sinensis Leaf Extract-** antioxidant, anti-inflammatory and antimicrobial properties

**Panthenyl Triacetate-** a moisturizing ingredient, emollient, that helps to prevent T.E.W.L. (transepidermal water loss) while rapidly hydrating and stimulating skin metabolism. Supports skin functions

**Naringenin-** an antioxidant rich flavonoid commonly found in citrus fruits is an antioxidant and anti-inflammatory that helps soothe compromised skin, enhances skin's ability to retain moisture and improves skin's ability to repair itself

**Sodium Ascorbyl Phosphate-** a water soluble and gentle form of Vitamin C that works as an antioxidant to protect the skin's moisture barrier

**Phenoxyethanol-** a safe preservative that helps to protect from fungi, bacteria and yeast that can grow in products

**Fragrance-** cucumber melon fragrance oil

# WEIGHTLESS MOISTURIZER

A tremendously effective, lightweight moisturizer with a super-serum base of moisture-sealing, anti-inflammatory and antibacterial actives that was designed for oily and blemished skin types. This intensive moisturizer provides the skin with an abundance of critical acne fighting ingredients that fully penetrate the skin without leaving a heavy feeling. Weightless hydrating moisturizer is a great base or primer before makeup application.

- for oily and blemish prone skin
- advanced anti-bacterial technologies
- weightless feel
- contains antiseptic ingredients
- promotes healthy and hydrated skin
- lightens and brightens skins appearance

**BEST FOR:**

Can be used on all skin types but best for oily and/or acne prone skin types

**WHEN TO USE:** A.M. & P.M. (As often as needed)

**HOW TO USE:** Apply 2-3 pumps to fingertips and gently massage or pat into face, neck and decollete.

May also be used with Dermodality's active complexes to create a customized moisture

**SPECIAL NOTES:**

- Great for teens
- If using with a skin-conditioning serum (like Vitamin A: Intense) it can be blended together to tone down intensity of serum while skin acclimates

**CONTRAINDICATIONS:** None

**STORAGE NOTES:** Store in a room temperature, dark cabinet away from direct sunlight. Heat and steam from showers can affect product efficacy

**SUGGESTED RETAIL PRICE:** \$90 and can last up to 3 months

**SHELF LIFE:** 18 months from purchase date

**WHEN TO USE IN REGIMEN:**

- 1.Cleanse
- 2.Tone and/or resurface pads
- 3.Serums
- 4.Eye Treatments
- 5.Moisturizers <
- 6.Protect

**\*These ingredients have been verified and CP (clinically proven)**

Water, Panthenol Powder, Magnesium Ascorbyl Phosphate, Ascorbic Acid (L-Ascorbic), Aloe Vera Extract, Sodium PCA, Hyaluronic Acid, Elastin, Salix Nigra (Willow) Bark Extract, Mandelic Acid, Ginkgo Biloba, Houttuynia Cordata Extract, Morus Alba Bark Extract, Opuntia Dillenii Extract, Sodium Acryloyldimethyl Taurate/ Acrylamide/ VP Copolymer, Botanester GC, Olea Europaea (Olive) Fruit Oil, Tocopheryl Acetate, Cucumis Sativus Extract, Silver, Niacinamide, Riboflavin, Thiamine, Phenoxyethanol, Ethylhexylglycerin

# WEIGHTLESS MOISTURIZER

## Water

**Panthenol Powder**- moisturize skin, reduce inflammation, and help wounds heal faster

**Magnesium Ascorbyl Phosphate**- stable vitamin c that is a free radical scavenger, tyrosinase inhibitor, lightens/brightens skin tone and supports collagen synthesis

**Ascorbic Acid (L-Ascorbic)**- bioavailable vitamin c that lightens skin, promotes collagen & elastin formation, helps the appearance of premature aging, strengthens blood vessels and protects DNA in cell

**Aloe Vera Extract**- anti-inflammatory, skin protection, antibacterial, anti-viral, antiseptic and wound healing properties

**Sodium PCA**- occurs naturally in human skin and is responsible for binding moisture to the cells. Highly water- absorbent, holding several times its weight in water, which makes it an excellent humectant. A strong hydrating agent.

**Hyaluronic Acid**- anti-aging, moisturizing, hydrating, wound healing, anti-wrinkle, increases skin elasticity, helps facial redness and more

**Elastin**- humectant properties help to hydrate skin by attracting moisture to the surface while also promoting firm and tight skin

**Salix Nigra (Willow) Bark Extract**- a plant extract with proven skin-soothing and antioxidant benefits. It provides salicylic acid-like benefits including astringent, antibacterial, and anti-inflammatories without drawbacks usually associated with salicylic acid such as irritation

**Mandelic Acid**- powerful antibacterial properties, gentle exfoliator, aids in cellular turnover, helps defeat acne, brightens dull skin, retexturize skin, hyperpigmentation, smoothes fine lines and wrinkles.

**Ginkgo Biloba**- potent antioxidant protection, skin soothing, increased hydration and anti-aging

**Houttuynia Cordata Extract**- with abundant polyphenolic flavonoids which exhibit anti-inflammatory, antioxidant and antibacterial properties

**Morus Alba Bark Extract**- rich in antioxidants, vitamins and minerals which nourish the skin and while lightening, brightening and evening out skin tone

**Opuntia Dillenii Extract**- cactus extract that can increase the growth rate of cells by affecting growth factors and can protect cells against UV light damage and can inhibit melanin production

**Sodium Acryloyldimethyl Taurate/ Acrylamide/ VP Copolymer**- dispersing agent, emulsifier and improves viscosity

**Botanester GC (Caprylic/Capric Triglyceride)**- helps to smooth skin, antioxidant benefits as well as a natural preservative

# WEIGHTLESS MOISTURIZER

**Olea Europaea (Olive) Fruit Oil-** contains essential fatty acids dry skin needs and is also an antioxidant

**Tocopheryl Acetate-** a super antioxidant that promotes regeneration of healthy cells and helps to protect the skin from damage caused by ultraviolet rays

**Cucumis Sativus Extract-** cucumber extract hydrates and softens skin, refreshes and revitalizes, diminishes pores, clarifies and improves complexion, cools and soothes

**Silver-** acts against bacteria to help calm hypersensitive, irritated and inflamed skin while also supporting skin's natural healing process. Contains antimicrobial, antiseptic and anti-inflammatory properties

**Niacinamide-** also known as vitamin B3 and nicotinamide, niacinamide is a water-soluble vitamin that works with the natural substances in your skin to help visibly improve the appearance of enlarged pores, uneven skin tone, fine lines and wrinkles, dullness and a weakened surface

**Riboflavin-** powerful antioxidant and helps regulate the inflammatory response

**Thiamine-** vital in the production and regeneration of collagen

**Phenoxyethanol-** a safe preservative that helps to protect from fungi, bacteria and yeast that can grow in products

**Ethylhexylglycerin-** a skin softening agent that is used as a preservative boosting efficacy of other preservatives such as phenoxyethanol. It also has humectant properties which help with hydration

# MOISTURE SOOTHE PLUS

A highly active, intensive moisturizer packed with a serum-based complex of moisture-sealing, anti-inflammatory and antioxidant actives. It provides the greatest level of penetrating moisture that dives deep into the skin allowing for intensive hydration without the feel of heaviness normally associated with concentrated moisturizers. This light soothing cream gives temporary relief from itching caused by skin irritations, inflammation, rashes, eczema, allergies and seborrheic Dermatitis.

- perfect for all types of inflammatory conditions
- redness reduction
- instant soothing effect
- calming and nourishing
- post in-office treatment cream
- great night-time moisturizer

**BEST FOR:** Most skin types

- Sensitive and inflamed skin

**WHEN TO USE:** A.M. & P.M. (As often as needed)

- Post all in-office treatments. Over any areas of the body that are irritated and inflamed

**HOW TO USE:** Apply 2-3 pumps to fingertips and gently massage or pat into face, neck and decollete.

**SPECIAL NOTES:**

- Excellent for rosacea
- Can and should be used after every in-office treatment to reduce inflammation
- Can blend with another moisturizer to add a thicker texture and hydration

**CONTRAINDICATIONS:** None

**STORAGE NOTES:** Store in a room temperature, dark cabinet away from direct sunlight. Heat and steam from showers can affect product efficacy

**SUGGESTED RETAIL PRICE:** \$79 and can last up to 3 months

**SHELF LIFE:** 18 months from purchase date

**WHEN TO USE IN REGIMEN:**

1. Cleanse
2. Tone and/or resurface pads
3. Serums
4. Eye Treatments
5. Moisturizers <
6. Protect

# MOISTURE SOOTHE PLUS

**\*These ingredients have been verified and CP (clinically proven)**

Water, Caprylic/Capric Triglyceride, Cetyl Alcohol, Olea Europaea (olive) Fruit Oil, Polyglyceryl-2-Stearate, Panthenyl Triacetate, Glyceryl Stearate, Aloe Barbadensis Leaf Extract, Arnica Montana, Opuntia Ficus-Indica Stem Extract, Chlorella Vulgaris Extract, Stearyl Glycyrhettinate, Algae Extract, Naringin, Proline, Alanine, Serine, Raphanus Sativus, Pseudoalteromonas Ferment Extract, Xanthan Gum, Sodium Phosphate, Sodium Hydroxide, Caprylyl Glycol, Phenoxyethanol, Ethylhexylglycerin, Panthenol, Glycerin, Tocopheryl Acetate, Stearyl Alcohol, Sodium PCA, Citric Acid, Sodium Benzoate, Ascorbic Acid, Potassium Sorbate, Sodium Sulfite, Titanium Dioxide

## **Water**

**Caprylic/Capric Triglyceride-** excellent hydrating and skin-repairing ingredient. The mix of fatty acids can aid the repair of the skin's surface and assist in moisture loss. Derived from coconuts and vegetable glycerin. Chief job is to moisturize and replenish the skin.

**Cetyl Alcohol-** a gently fatty alcohol used as an emollient (moisturizing ingredient), emulsifier, thickener and carrying agent for other ingredients

**Olea Europaea (olive) Fruit Oil-** contains essential fatty acids dry skin needs and is also an antioxidant

**Polyglyceryl-2-Stearate-** works as an emollient, surfactant and emulsifier

**Panthenyl Triacetate-** a moisturizing ingredient, emollient, that helps to prevent T.E.W.L. (transepidermal water loss) while rapidly hydrating skin

**Glyceryl Stearate-** skin conditioning agent, emollient and surfactant

**Aloe Barbadensis Leaf Extract-** a water binding agent for skin containing amino acids, enzymes, hormones, minerals, saponins, vitamins and more making it a potent moisturizer and soothing agent. Improves the appearance of aging and dry skin. Its antimicrobial, antiseptic and anti-inflammatory properties help to soothe skin, reduce inflammation and treat problematic areas killing bacteria. It is also an antioxidant and humectant (hydrating agent)

**Arnica Montana-** helps to reduce inflammation and heal wounds

**Opuntia Ficus-Indica Stem Extract-** AquaCacteen™ is an ultra-refined elixir from organic cactus. This product blocks the release of stress markers from sensory nerve cells in the skin and calms irritated skin. It is a super antioxidant and anti-inflammatory agent that helps protect the skin from free radical damage as well as reduces the appearance of fine lines and wrinkles

# MOISTURE SOOTHE PLUS

**Chlorella Vulgaris Extract-** an algae derived ingredient that offers soothing and hydrating properties showing to have a positive effect on bringing damaged skin back to a healthier state

**Stearyl Glycyrrhetinate-** can enhance moisturization, hydration and rejuvenation of the skin

**Algae Extract-** a strong humectant that helps reduce moisture loss and improves skin hydration. Algae is a natural brightener which helps the appearance of hyperpigmentation. In addition, it also contains anti-inflammatory properties which are able to inhibit the expression of inflammatory genes

**Naringin-** an antioxidant rich flavonoid commonly found in citrus fruits is an antioxidant and anti-inflammatory that helps soothe compromised skin, enhances skin's ability to retain moisture and improves skin's ability to repair itself

**Proline-** stimulates the production of collagen and elastin in the skin

**Alanine-** balances moisture levels in the skin improving overall hydration

**Serine-** an amino acid that helps the skin retain moisture and improves skin's structural support

**Raphanus Sativus-** contains anti-inflammatory properties that help reduce redness and swelling while also strengthening moisture barrier

**Pseudoalteromonas Ferment Extract-** a powerful anti-aging agent that helps to restructure skin, reduce puffiness, wrinkles and fine lines. Clinically proven to stimulate collagen and elastin

**Xanthan Gum-** used as a thickening agent and texture enhancer

**Sodium Phosphate-** an antioxidant that can brighten dull skin, smooth fine lines and reduce dark spots

**Sodium Hydroxide-** balances and maintains product and skin's pH levels

**Caprylyl Glycol-** helps to hydrate skin by attracting and locking in moisture

**Phenoxyethanol-** a safe preservative that helps to protect from fungi, bacteria and yeast that can grow in products

**Ethylhexylglycerin-** a skin softening agent that is used as a preservative boosting efficacy of other preservatives such as phenoxyethanol. It also has humectant properties which help with hydration

# MOISTURE SOOTHE PLUS

**Panthenol-** moisturize skin, reduce inflammation, and help wounds heal faster

**Glycerin-** acting as a humectant it helps increase skin hydration, relieve dryness and refresh the skin's surface. It is also an emollient which helps to soften skin

**Tocopheryl Acetate-** a super antioxidant that promotes regeneration of healthy cells and helps to protect the skin from damage caused by ultraviolet rays

**Stearyl Alcohol-** improves skin texture while protecting the skin from allergens, bacteria and moisture loss

**Sodium PCA-** occurs naturally in human skin and is responsible for binding moisture to the cells. Highly water- absorbent, holding several times its weight in water, which makes it an excellent humectant. A strong hydrating agent

**Citric Acid-** lightens, brightens and evens out skin tone. Can help to unclog pores and promote exfoliation

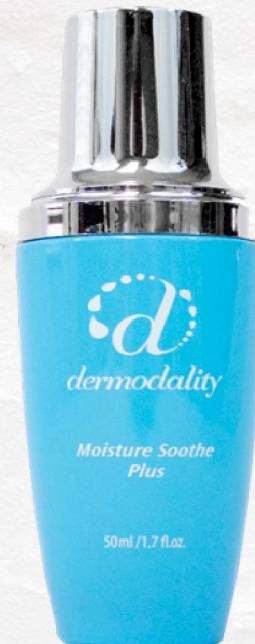

**Sodium Benzoate-** a safe preservative that helps to protect from fungi, bacteria and yeast that can grow in products

**Ascorbic Acid-** bioavailable vitamin c that lightens skin, promotes collagen & elastin formation, helps the appearance of premature aging, strengthens blood vessels and protects DNA in cell

**Potassium Sorbate-** a mild and effective preservative that helps to extend the shelf life of cosmetic products

**Sodium Sulfite-** prevents discoloration in cosmetic products from certain plant extracts

**Titanium Dioxide-** an earth mineral that helps reflect and scatter UVA and UVB rays

# SUN MOIST SPF 30

A non-greasy, lightweight, fully absorbing sunblock containing Zinc and Titanium Dioxide. SunMoist may be used as a replacement for a daily moisturizer for normal to oily skin types. Designed to leave skin moisturized and always protected

- serum-base
- for all skin types
- non-greasy
- anti-aging
- fast absorption
- hours of protection
- pre-post in-office treatments

**BEST FOR:** All skin types especially for anti-aging

**WHEN TO USE:** A.M.

- Be sure to reapply every few hours if exposed to sunlight

**HOW TO USE:** Apply 2-3 pumps to fingertips and gently pat into face, neck, decollete and any other areas exposed to the sun

**SPECIAL NOTES:**

- Mix with Hyaluronic C Ester or Hyaluronic PRO for a lighter consistency

**CONTRAINDICATIONS:** None

**STORAGE NOTES:** Store in a room temperature, dark cabinet away from direct sunlight.

**SUGGESTED RETAIL PRICE:** \$50 and can last up to 3 months

**SHELF LIFE:** 24 months from purchase date

**WHEN TO USE IN REGIMEN:**

1. Cleanse
2. Tone and/or resurface pads
3. Serums
4. Eye Treatments
5. Moisturizers
6. Protect <

## DRUG FACTS-ACTIVE

Zinc Oxide 6.7%, Octyl Salicylate 5.0%, Avobenzone 2.0%, Titanium Dioxide 1.7%

Deionized Water, Zinc Oxide, Octyl Salicylate, Avobenzone, Titanium Dioxide, Aloe Vera Gel, Olive Oil, Vitamin E Acetate, Chamomile Extract, Japanese Green Tea, Panthenol, Octyl Palmitate, Potassium Sorbate, Phenoxyethanol

# SUN MOIST SPF 30

## **Deionized Water**

**Zinc Oxide-** a mineral derived sunscreen ingredient that blocks the widest spectrum of UV light. Provides broad spectrum protection from both UVA and UVB rays

**Octyl Salicylate-** a sunscreen agent primarily used to protect skin from UVB rays

**Avobenzone-** a synthetic sunscreen ingredient that provides sun protection from UVA rays

**Titanium Dioxide-** an earth mineral that helps reflect and scatter UVA and UVB rays

**Aloe Vera Gel-** can be used to treat a variety of skin conditions including acne, acne scars, sunburns, dark circles and wounds while also removing dead skin cells

**Olive Oil-** contains essential fatty acids dry skin needs and is also an antioxidant

**Vitamin E Acetate-** the stable form of Vitamin E used in most skin care products used to protect cell membranes from damage by oxygen free radicals. Can help prevent premature aging caused by UV damage

**Chamomile Extract-** can help wound healing, soothes sensitive skin, and can help address skin issues such as redness, hyperpigmentation, and acne

**Japanese Green Tea-** contains vitamins C, B2 and E. Vitamin C and B2 maintain healthy skin and collagen formation yielding a youthful firm and structured appearance

**Panthenol-** moisturize skin, reduce inflammation, and help wounds heal faster

**Octyl Palmitate-** a derivative of palm oil used as an organic substitute for silicone with a mild, skin-smoothing feel used to adjust consistency

**Potassium Sorbate-** a mild and effective preservative that helps to extend the shelf life of cosmetic products

**Phenoxyethanol-** a safe preservative that helps to protect from fungi, bacteria and yeast that can grow in products
