

High-Tech Ingredients Glossary

AquaCacteen:

- Anti-inflammatory
- Anti-irritant
- Soothing
- Minimizes redness
- Hydrating

AA2G:

- Bio-available vitamin C
- Stable form of Vitamin C
- Converts to L-Ascorbic Acid
- Whitening properties
- Protects from UV damage
- Prevents pigment spots
- Tyrosinase inhibitor

ABS Sea Silk:

- Provides high levels Vitamins A, C, E
- Contains amino acids
- Restores moisture balance

ALGAKTIV Light Skin:

- Brightens
- Reduces brown spots
- Minimizes melanin production
- Tyrosinase inhibitor

Beautifeye:

- Lifts upper eyelid
- Reduces crow's feet wrinkles
- Fades dark circles
- Diminishes puffiness

Brightlette:

- Brightens skin
 - Reduces dark spots
 - Minimizes size of pigment spots
 - Evens skin tone
 - Tyrosinase inhibitor
 - Aids in DNA repair
-

BV-OSC:

- Antioxidant
- Supports collagen synthesis & protection
- DNA protection
- Brightens skin
- Minimizes dark circles

Chronoline:

- Anti-aging
- Reduces fine lines and wrinkles
- Firming

K3 Vita C:

- Stable form Vitamin C
- Aids collagen production
- Reduces appearance of wrinkles
- Brightening
- Antioxidant

Masester E 6000:

- Hydrating
- Aids in skin repair
- Moisture replenishing
- Prevents moisture loss

Matrixyl 3000:

- Stimulates Collagen
- Promotes wrinkle smoothing
- Improves tone and elasticity

Matrixyl Synthe'6:

- Stimulates collagen production
- Smooths crow's feet from inside by rebuilding skin

MDI Complex PF:

- Inhibits the matrix metalloproteinase (MMP) enzymes that degrade and destroy collagen
- Minimizes dark circles
- Reduces the appearance of rosacea and broken capillaries

Micro HA:

- Penetrates dermis and epidermis
 - Antioxidant
 - Anti-inflammatory
 - Repairs damaged cells
-

Mini HA:

- Reconstructive
- Penetrates dermis and epidermis
- Repairs UV damage
- Antioxidant
- Improves elasticity
- Reduces appearance of wrinkles

MultiSal Caffeine:

- Help reduce puffiness and dark circles
- Anti-inflammatory
- Supports protection from UV exposure
- Encased in sub-micron spheres for penetration

Phyko-AC

- Minimizes sebum production
- Reduces P-Acnes bacteria
- Minimizes breakouts
- Improves skin appearance

Pronalen Firming BG:

- Firming
- Antioxidant
- Protects elastin from destructive MMP's
- Promotes protein synthesis
- Glycosaminoglycan stabilization

Restore SKN:

- Stimulates keratinocyte (KGF) and fibroblast (FGF) growth factors
- Strengthens barrier function
- Promotes production of collagen and elastin
- Rejuvenates and restructures aging skin

Retinol 50:

- Highly active skin conditioner
- Anti-aging
- Improves UV damage

Rubixyl:

- Bio-mimetic peptide
 - Reduces wrinkles
 - Wrinkle depth
 - Smooths skin
 - Tyrosinase inhibitor
-

- Minimizes pigment development
- Lowers TEWL, improves hydration

Stay C 50:

- Stabilized vitamin C (sodium ascorbyl phosphate)
- Antioxidant
- Promotes collagen production
- Minimizes wrinkles, firms skin
- Tyrosinase inhibitor
- Brightens skin, minimizes dark spots
- Minimizes breakouts

Superox-C:

- Kakadu Plum extract
- Highest source of Vitamin C
- Aids in collagen formation
- Protects from UV damage to DNA
- Antioxidant

SWT-7 L:

- Stimulates production of keratinocyte growth factors (KGF)
- Stimulates collagen production
- Smooths the appearance of crow's feet
- Improves eye contour
- Minimizes the appearance of vertical wrinkles on upper lip

Syn-coll:

- Contains peptides for repair
- Slows skin aging process
- Boosts collagen production
- Protects against collagen breakdown

Unisoath:

- Anti-inflammatory
- Anti-irritant
- Soothing
- Minimizes redness

Valvance Look – 100:

- Conceals shadows and dark circles
- Contains silica and titanium dioxide
- Helps reduce the appearance of puffiness
- Reduces the appearance of crow's feet and fine lines
- Protects and strengthens delicate skin under eyes

Vitasource:

- Delays skin fibroblasts aging
 - Increases fibroblast production
-

- Helps increase firmness, elasticity
- Rejuvenates skin appearance
- Increase skin restructure

Xpertmoist

- Improves hydration levels
 - Restores skin barrier function and natural moisture factor (NMF)
 - Minimizes TEWL (trans-epidermal water loss)
-
